

# ACT PREPARATION

**ACT Preparation Course** F-9090, W-9091

Grade: 11-12

Prerequisite: Currently enrolled in Algebra 2 or above

This class is recommended for college-bound juniors and seniors planning to take the ACT exam. Almost all undergraduate colleges and universities require that prospective students take the ACT. Taking this course will prepare students for the question types found on the ACT. We will analyze test question categories and give special consideration to math and verbal refreshers and techniques aimed at relieving test-taking anxiety. Topics include sentence completions and reading comprehension for the reading section, grammar and essay writing for the writing section, scientific concepts for the science section, and basic and advanced math concepts (including fractions, decimals, percentages, ratios and proportions) and algebraic and geometric concepts for the math sections. **This course has not been approved by the NCAA Clearinghouse.**
