Walnut Trails Elementary School

Greetings from WT Administration

Dearest Families,

With the New Year quickly approaching, we'd like to use this time to reflect on all of the exciting things that have already happened during our 2020-2021 school year and thank you for making Walnut Trails such an amazing place to learn and grow.

Students have been working hard not only on their academics and social-emotional skills but have also perfected the art of resilience as we navigate a school year and environment like no other. During the first four months of our school year students have learned daily routines and expectations both in the physical classroom and virtually, enhanced their mathematic, reading, and writing skills, have immersed themselves in the Fine Arts, and have learned how to be kids of character through our 6-pillars of character. We have also learned the power of words through our first ever virtual author visit. While this list is far from exhaustive, we are beyond proud of our students for all of their hard work. We cannot wait to see what 2021 has in store for us.

We would be remiss without saying THANK YOU so very much for all of the support that you provide to your children at home as well as the support and partnership you offer to our staff. It is because of that support and unending love that they have turned into such amazing kiddos.

Wishing you and your families a wonderful holiday season and a happy and healthy New Year ahead in 2021!

Warm Wishes,
Dr. Kathleen Cheshareck
Mrs. Sarah Monroe
