

Brownsville I.S.D.

Adapted Physical Education Assessment

Important: Steps and documents for referring students into Adapted Physical Education by a campus

1. BISD Adapted Physical Education Screening Form completed by the General P.E. Teacher.
2. The Adapted P.E. Teacher reviews the screening form with the General P.E. teacher and/or the classroom teacher and makes a recommendation.
3. Due to the physical and rigorousness of further assessments and for the safety of the child, the BISD Physical Limitations or Exemptions Form (Doctor's Check off list) is required if additional evaluation is needed. Campus should emphasize to parents that assessments cannot be conducted until the medical is returned in order to ensure student safety during the process.
4. BISD Assessment/Evaluation Planning Supplement (Permission to Assess by parent) must be completed and submitted.
5. Adapted PE teacher will make an appointment to assess the student.
