## Early Childhood Screening

If your child is between the ages of three and five, it's time to schedule their Early Childhood Screening. This is a FREE and simple check of how your child is growing and developing, which includes hearing, vision, speech, and motor abilities. The state of Minnesota requires that all children be screened before they enter kindergarten. View current appointment availability online at [edenpr.org/ECscreening](https://edenpr.org/ECscreening) or call 952-975-6940.

## Safety & Security

The safety and well-being of your child is our highest priority. We work to ensure school grounds and building entrances are carefully monitored by trained staff. Students are not allowed to leave during the school day unless signed out by an authorized adult. All staff are required to wear an ID badge throughout the school day. All visitors must sign in with a valid ID at the school's main office and wear a visitor badge.

## Busing & Transportation

We provide bus transportation at no cost to kindergartners who are within the boundaries of Eden Prairie Schools. We have a highly-trained staff, a strong safety record, and well-maintained vehicles. We also provide training to all students on safe riding expectations and emergency evacuation procedures. For more information, call 952-975-7500 or visit [edenpr.org/Transportation](https://edenpr.org/Transportation).

## Before & After-School Care

Community Education will begin accepting registration in spring 2021 for September 2021 enrollment in the program. Families are encouraged to register prior to August, as sites have a processing period of up to two weeks for all new registrations. Learn more at [edenpr.org/EagleZone](https://edenpr.org/EagleZone).

Each child has unique talents and abilities, which is why we provide multiple levels of accelerated curriculum to nurture the development of our learners. An example is our full-day Gifted & Talented program, Mosaic. This program provides challenging curriculum at an accelerated pace while meeting the unique academic and social/emotional needs of highly gifted learners in a supportive educational environment. - Fill out the dates in chronological order even if your child received a vaccine outside of the age/grade category that the box is in. Depending on the age of your child, they may not have received all vaccines; some boxes will be blank.
  - If you have a copy of your child's immunization history, you can attach a copy of it instead of completing the front of this form.
  - Your doctor or clinic can provide a copy of your child's immunization history. If you are missing or need information about your child's immunization history, talk to your doctor or call the Minnesota Immunization Information Connection (MIIC) at 651-201-3980 or 800-657-3970.
- Sign or get the signatures needed for the back of this form.
  - Document medical and/or non-medical exemptions in section 1.
  - Verify history of chickenpox (varicella) disease in section 2.
  - Provide consent to share immunization information (optional) in section 3.

**Instructions:** Complete section 1 to document a medical or non-medical exemption, section 2 to verify history of varicella disease, and section 3 to consent to share immunization information.

**1. Document a medical and/or non-medical exemption (A and/or B).**

Place an X in the box to indicate a medical or non-medical exemption. If there are exemptions to more than one vaccine, mark each vaccine with an X.

Vaccine	Medical Exemption	Non-Medical Exemption
Diphtheria, Tetanus, and Pertussis		
Polio		
Measles, Mumps, Rubella		
<i>Haemophilus influenzae</i> type b		
Chickenpox (varicella)		
Pneumococcal		
Hepatitis A		
Hepatitis B		
Meningococcal		

**A. Medical exemption:** By my signature below, I confirm that this child should not receive the vaccines marked with an X in the table for medical reasons (contraindications) or because there is laboratory confirmation that they are already immune.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_  
(of health care practitioner\*)

**2. History of chickenpox (varicella) disease.** This child had chickenpox in the month and year \_\_\_\_\_

My signature below means that I confirm that this child does not need chickenpox vaccine because:

I am a health care practitioner and this child was previously diagnosed with chickenpox or the parent provided a description that indicates this child had chickenpox in the past.

I am the parent or guardian and this child had chickenpox on or before September 1, 2010.

Signature: \_\_\_\_\_ Date: \_\_\_\_\_  
(of health care practitioner\*, representative of a public clinic, or parent/guardian). Parent can sign if chickenpox occurred before September 2010.

\*Health care practitioner is defined as a licensed physician, nurse practitioner, or physician assistant.

By my signature, I confirm that this child will not receive the vaccines marked with an X in the table because of my beliefs. I am aware that my child may be required to stay home from child care, school, and other activities if exposed.

**B. Non-medical exemption:** A child is not required to have an immunization that is against their parent or guardian's beliefs. However, choosing not to vaccinate may put the health or life of your child or others they come in contact with at risk. Unvaccinated children who are exposed to a vaccine-preventable disease may be required to stay home from child care, school, and other activities in order to protect them and others.

**3. Consent to share immunization information:** This school is asking for permission to share your child's immunization record with Minnesota's immunization information system. Giving your permission will:

- Provide easier access for you and your school to check immunization records, such as at school entry each year.
- Support your school in helping to protect students by knowing who may be vulnerable to disease based on their immunization record. This can be important during a disease outbreak.

Under Minnesota law, all the information you provide is private and can only be released to those authorized to receive it. Signing this section of the form is optional. If you choose not to sign, it will not affect the health or educational services your child receives.

I agree to allow my child's school to share my child's immunization documentation with Minnesota's immunization information system:

# Educational preparedness

Regardless of what the learning model looks like in the 2021-22 school year, Eden Prairie Schools is prepared to ensure your child receives an excellent educational experience. Teams of teachers, administrators and staff have been involved in helping us carefully prepare for any learning model. We continue to put the safety of our students and staff first. Our school district makes decisions based on official data, requirements from Minnesota Dept. of Education and Minnesota Dept. of Health, feasibility, feedback, and our mission of “inspiring each student every day.”
