

IAA students and families,

We are disappointed to be moving back to a Distance Learning model but understand and agree that it is the right thing to do during this challenging time. After much consideration, our staff feels that it would benefit the students to adjust our daily schedule. This **new schedule is effective Monday, November 23rd, 2020**

Students should log in to ALL of their classes at the times given below starting with Advisory at 9:00am. Attendance will be taken for each class.
