

Hoonuit Online Teaching Topics

Hoonuit provides an opportunity for teachers to learn how to take their expertise into the realm of online learning. Upon completion of these modules, educators will demonstrate how to maximize technology, convert high-quality teaching strategies into the online learning environment, effectively design courses and related syllabi, while supporting collaboration and learning for their online students.

Topic 1: Best Practices in Teaching Strategies

- [Critical Thinking](#)
- [Learning Styles](#)

Document Learning

ACCOMPLISHMENTS

After completing a full module or pathway, and all aspects of the Learning Framework, you can see your hard work shown on your accomplishments page. You are able to print, email or share your certificates, transcripts or badges.

REPORTS

View a summary of what you have completed and what courses you have yet to complete in the reporting section. Check your usage patterns and note your overall time spent watching videos and completing additional tasks.

ASSIGNMENTS

Check out any assignments that you may have been prescribed from your institution and when they are due. You can launch the assignment, track your progress and easily pick up where you left off, right from here.

MY SCHOOL'S TRAINING

View training that your district or campus has integrated into the Hoonuit platform that is specific to your institution's initiatives or focus areas.
