NEW: Teen Talks & Mentoring

M.E.L.T. has prioritized Social-Emotional Learning this 2020-21 school year. Our Team will be reaching out to our Partners to help us organize a “**TEEN TALK**” session where our students can come together through Google Meets to talk about their struggles and concerns with their emotions during this time. It will allow them to chime in and listen to our speakers, share their concerns and stay connected with their peers. More information will be shared once our GOAL is put in place.

October Recap

In October, MELT & LSH students got the chance to participate in an online Kahoot game night. We had a lot of fun as the students were challenged with various questions. It gave the students the chance to also catch up with their friends and to see the site coordinators.

Thursday, October 29th, from 4:00-5:30 p.m. was our Food Truck Family Night Event. We gave back to our LSH/MELT families by providing them a free meal for the evening! We had two central locations, Perry Tipler Middle & Webster Stanley Elementary.

This program is funded in cooperation with the Oshkosh Area School District and the Wisconsin Department of Public Instruction 21st Century Community Learning Center Grant Program.

Virtual/In-Person Tutoring Available

During this time that learning has switched to fully virtual in Model 4, we are not able to have MELT programming. In place of program, I am offering In-Person or Virtual Tutoring & Support to our students that attend MELT.

Time slots for tutoring will be available during my office hours, starting on Friday, September 25th. Virtual tutoring will be offered first and in-person tutoring will be available as needed.

Please email me at megan.last@oshkosh.k12.wi.us or call/text me @ **(920)410-3971** , to reserve a time slot.

This school year has been nothing like other school years! Routines can change at any time. If you or your child/ren are having a hard time navigating all the new things this year please reach out, (megan.last@oshkosh.k12.wi.us)

Here are some fun and easy activities

Boys & Girls Club Information

The Boys & Girls Club of Oshkosh is offering childcare for the days that your students are at home. It runs Monday-Friday and is available for your students on the day that they would be in-person for A/B schedules while we are in Model 3 & 4. To request more information or to register, please email Child Care Services Director, ***Kevin Mueller at kevinm@bgosh.org***. There are a limited number of open spots and the programs will fill up, so please contact Kevin with any questions!

[MELT Google Classroom](#)

There will be a MELT google classroom where there will be fun interactive activities for students to do each week and questions of the day. This will be a safe place for students to go and look for fun interactive activities that they can do from home and give them an outlet to give feedback for voice & choice.
