

Doing My Jobs During Distant Learning

A Social Story

At school, I need to do my jobs. Now that I am learning at home, I still need to do my jobs.

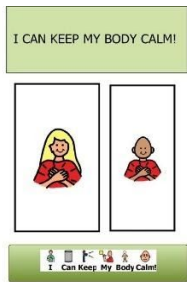

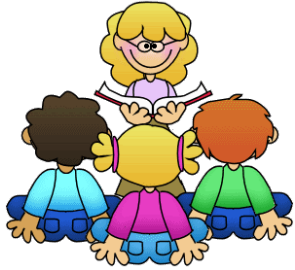

My teachers have created fun activities for me to do at home. Some are videos, power points, or hands-on activities. They are in the Google Classroom.

Google Classroom

To do my jobs at home I need to:

1. Sit down at a table or workspace with a calm body

2. Follow directions and do my job until I finish

3. Clean up my work area

After I do my jobs I get to take a break. I can choose something fun to do after I do my jobs.

FIRST I do my jobs
THEN I get to play

I want to do my jobs at home during distance learning so I can learn and be happy. My teacher and parents are so proud of me when I do my jobs at home. I can play after I do my jobs.
