- Agenda Item #2 B: Trust land Budget was discussed. The idea to purchase “amplify” license to monitor student progress was discussed.
  - The counsel may want to consider adding things to support the goals for reading and math.
  - Cases for device protection have been ordered. These cases will provide protection for devices as they travel back and forth from school and home.
  - The idea was proposed of purchasing extra power chords for devices that would then stay in the classroom to charge devices during the day.
  - The idea was proposed of adding additional tutor hours for targeted students including ELL, Hispanic and students who qualify for Special Education services.
    - A question was asked if there is a possibility of having extra iPads available in the kindergarten to fill in for iPads that do not return daily.  
**This will be an action item for the agenda next month.**
- Agenda #3: digital citizenship.

The idea of virtual trainings through “Netsmartz” for students on digital citizenship was discussed. The trainings would include 2 virtual presentation assemblies specific to grades K-2 and 3-6. Teachers would facilitate the assembly to their class. This training would be to remind / teach students digital etiquette.

  - Jenn Cannon proposed Friday as a possible day to participate in this program.
  - Lore sharp presented protocols and safety for devices. Mrs Jensen does teach the students in computer prep class about digital citizenship and digital literacy. A suggestion was made to encourage parents to search Internet safety on the district website. The counsel discussed the appropriate searches and the list of topics or words the district blocks. A question was also asked about the availability of time limits on devices. Right now time limits are not available.
- Agenda #4: School safety,

- The safety protocols were presented. The school conducted a lockdown drill in the format recommended by the school district for this school year. The drill was administered by teachers through discussion of protocols with each independent class.
  - The idea of a hope squad was presented to the group.
- The counsel discussed the success of the positive behavior intervention system “TIGERS” The tiger tokens for individual behavior and the class points both are having a positive impact on the school climate. We are seeing success both academically and in social behaviors. The number of office referrals has dropped dramatically.
