First Semester Is Ending!

We made it through an entire semester on distance learning! Before students can relax and begin to enjoy their winter break, they will need to make sure to turn in all their assignments. **The semester ends on December 18**, the last day before Winter Break! These grades will be going on **the official student transcripts** and cannot be changed. Do not expect to use Winter Break to work on missing work, start working on missing assignments NOW! Starting in January students will begin a new semester.

Elective Change Request

Elective change request will be available the week of **December 14-December 18**. The link will be available on our school website. Only students will be able to access the form. There is no guarantee that a change can or will be made as it depends on many variables.

Students will be notified via their student email if they are granted an elective change prior to beginning 2nd semester. If they do not receive an email, that means they did not get an elective change.
