The Campus Parent Portal is a new version of the Campus Portal designed specifically for parents. It includes enhanced features to make it more useful, including a responsive design optimized for use on mobile devices and tablets. Additional tools will be added in the coming months.

Access the Campus Parent Portal from the current Portal.

The new Campus Parent Portal application and the existing Portal work in parallel; parents can switch between as needed until the End-of-Life of the Campus Portal in June 2019.

Using the Campus Parent Portal

In the Campus Parent Portal, navigate between tools in the menu on the left. On mobile devices, this menu shrinks to a “hamburger” or “three bars” icon to save space.

Click the user icon in the top right to view Notification Settings. To switch to the previous Portal, click the Parent dropdown and select Portal.

If a tool is specific to a single student, such as Grades or Schedule, a student dropdown list displays in the top right corner. This dropdown list does not display for tools that are not student specific like
Announcements and Payments.

Switch between students using the dropdown list in the corner.

Tools Available in the Campus Parent Portal

<table>
<thead>
<tr>
<th>Tool Name</th>
<th>Description</th>
</tr>
</thead>
<tbody>
<tr>
<td>Message Center</td>
<td>The Message Center includes announcements are posted at a school or district level. Click Show More to display additional text for longer announcements. Announcements display based on the timeline set by the creator and cannot be deleted or archived. Additionally, the Inbox displays messages sent to the parent, including those from teachers.</td>
</tr>
<tr>
<td>Today</td>
<td>The Today view shows the selected student's schedule for the current day and lists any assignments due today or tomorrow. The schedule shows the times of the periods during the day and the student's courses, with the teacher's name and room assigned. The assignments list covers all of the student's courses, including those that may not meet on the current day. Click on the assignment or the course name to view details. In districts that use Campus Food Service, the student's Lunch Balance displays at the top.</td>
</tr>
</tbody>
</table>
Calendar

The Calendar displays data in three different modes, **Assignments**, **Schedule**, and **Attendance**.

For **Assignments** and **Attendance**, dots display below dates that have data. Select a mode and date to view data for that day.

In **Assignments** mode, a button displays to show the Weekly Overview, which shows all assignments for the selected week.

Weekly Overview

The Weekly View filters the Calendar to show a student's assignments for a week in a simple, single page overview.

In this overview, view assignments for the week and see scores. Assignments display for the calendar day on which they are **Due**.

Flagged assignments, such as the Missing assignment above, are also shown. Scored assignments are shown with the points possible, if applicable, or the percentage or rubric score earned.

Assignments

The Assignments tool collects all of a student's assignments with the focus on today. Click assignments to view details and scroll to see previous and future assignments.

Use the **Missing** and **Current Term** buttons at the top to filter assignments.

Grades

The Grades tool shows all of the grades earned by the selected student for all tasks (such as Trimester or Semester grades) and standards. Posted grades are displayed in bold, with In-Progress grades indicated as "In-progress." The student's Cumulative GPA also displays at the top of the Grades tab if enabled.

Where the grey arrow displays for a task or standard, click the task to view the Categories that contribute to the grade. Expand categories to view all included assignments. Click assignments to view details.

Grades that are part of a composite or rollup grading setup are indicated.
<table>
<thead>
<tr>
<th>Grade Book Updates</th>
<th>Grade Book Updates lists all of the assignments that have been scored or otherwise updated in the last 14 days. Click on the assignment or the course name to view <a href="#">details</a>.</th>
</tr>
</thead>
<tbody>
<tr>
<td>Attendance</td>
<td>The Attendance tool lists the absences and tardies for attendance taking periods in the selected term. Navigate between terms using the options at the top. Click on a period to view details. On the detail view, absences and tardies are divided by type (excused, unexcused, exempt, or unknown), with all absences and tardies listed below. When attendance is recorded via present minutes, this attendance screen displays the total Present Time and Expected Time by section. Click on a section to view the Time In, Time Out, and Present Time recorded by date. The display of attendance has been localized for Kentucky.</td>
</tr>
<tr>
<td>Schedule</td>
<td>The Schedule tool shows the student's schedule for each term, including any day rotations. Schedules are shown for all the whole year, all terms, and all of the student's enrollments. Each schedule includes the times of the periods during the day and the student's courses, with the teacher's name and room assigned. If a day rotation is in place, the day is indicated in the top right corner of the schedule. Click on the course name to view <a href="#">details</a>.</td>
</tr>
<tr>
<td>Reports</td>
<td>The Reports tool collects files relevant to the student including learning documents such as IEPs and PLPs, a PDF version of the student's schedule, report cards and transcripts, and program participation. Click on an entry to view the file in PDF.</td>
</tr>
</tbody>
</table>
The More tab displays the following:

- **Address Information** for the student's household(s).
- **Assessments** that list the student's test scores for state, national and district tests.
- **Behavior** incident information that displays any behavior events in which the student was involved.
- **Demographics** information for the student and any non-household relationships.
- **Family Information**, including contact information for family members.
- **Health Information**, including recorded vaccinations, immunizations and screenings.
- A list of **Learning Tools** for students to browse learning materials.
- **Lockers** assigned to the student with locations and combinations.
- **The Meal Benefits** application
- **Transportation** information including buses and parking permits.
- **Activities** in which the student is involved (clubs, sports, etc.)
- If the district is using **Online Registration**, those tools display here.
- **Important Dates** such as holidays, late starts, and other school calendar events.
- **Course Registration**, where students (and parents) can request courses for the next school year. See the Course Registration article for more information.
- **School Choice**, where parents can apply for enrollment in schools within the district to meet their students' needs.

The Quick Links section displays the websites for the districts and schools in which the student is enrolled, if available.

Users may be able to update address information, demographic data and family information (this requires the district to turn on certain preferences). When these preferences are turned on, parents and guardians may submit updates for their household information.
| **Notifications**          | The Notifications dropdown list shows a simple list of notifications the student has received, such as graded assignments.  
|                           | Click the user menu at the top right of screen to establish Notification Settings. |
| **Academic Plan**         | The Academic Plan displays the student's assigned Academic Program and the courses the student has planned to take in each school year. Students can add courses to their plan, and print their Course Plan and their Progress Report from here.  
|                           | See the Academic Plan (Campus Student) article for more information.  
|                           | It's recommended that the Academic Plan be viewed on a larger device, if possible. |
| **Fees**                  | The Fees tool provides a list of all fees assigned to a student. Fees can include things like a lab fee for a science course, a fee for a field trip or the cost of an athletic activity. Fees that are still owed, have been paid, or were made void appear in this list, followed by the ongoing balance for these fees. The School Years dropdown list allows you to view fees assigned to the student according to the school year in which they were assigned.  
|                           | Fees only display for students where the portal user (typically, the student's guardian/parent) is assigned Portal access by the school district.  
|                           | From here, users can click the Pay button and go to the Payments tool. |
Payments

The Payments tool provides Portal users with the ability to pay fees/services or deposit food service money online using a major credit card, checking or savings account. This tool helps eliminate the need to send cash or checks with a student to school and provides parents a simple way to stay on top of school fees and services.

Food Service

The Food Service tool allows parents and students access to the following food service information:

- Current account balances
- Transactions (food item purchases, account deposits of cash, check and credit card, when enabled)
- Account history (historical transaction records)
- Account adjustments (debits/credits)

The link to the Food Service tool does not display for everyone. Specific school operations and settings determine whether this link displays. Similarly, the Payments link, which allows you to electronically deposit funds into food service accounts, is only available if that feature is used by the school.

Responsive Scheduling

The Responsive Scheduling tool lets users view which sessions their student has selected to attend for an upcoming responsive day. Available offerings are listed for each available responsive period.

See the Responsive Scheduling article for more information.

Links in Campus Parent

In various areas of Campus Parent, clicking links opens details for items such as assignments and courses.

<table>
<thead>
<tr>
<th>Available Link</th>
<th>Description</th>
<th>Example Image</th>
</tr>
</thead>
</table>

7 of 12
Assignment

Click on an assignment to view details, such as dates, scoring information, and the description. Files attached by teachers also display on this screen, as applicable.

Parents are able to view submissions and Quick Assessments made by their students once the students have turned them in. However, viewing those submissions may be limited by parents’ access to third-party programs enabled by the school, such as Google Drive or Naiku.

Course Name

Click on a course name to view the Course/Section number, Period, Room, section Website, and any upcoming assignments.

Counselor Email

From the Course detail, click the counselor’s email to discuss schedule changes (a preformatted email form displays), or discuss other topics with your student’s counselor.

Notification Settings

Notification settings allow users to opt out of receiving specific kinds of notifications and establish thresholds for those they want to receive. Set thresholds to only receive notifications when a grade or score falls below the selected percentage or a lunch balance falls below the selected dollar amount. Click the arrows to change the threshold or click and drag the dot.

Notifications are not sent for any tools that have been disabled by the district. Only districts using Campus Food Service receive low balance notifications.
Enable notifications and set thresholds to determine when notifications are sent.

Account Settings

Account settings allow users to update their security email on record or to change their Password and E-Signature PIN.

- The Account Security Email is the email used if a user forgets their username or password.
- Passwords can only be modified if the district has enabled Password Reset. Strong passwords are enforced, meaning that passwords should have a mix of letters, number, and characters to make them more secure.
- E-Signature PINs are used to electronically verify and sign Meal Benefit Applications. This field is only available if enabled by the district.
Access Account Settings to update basic account information.

Contact Preferences

Manage your contact preference by selecting the desired language and when you receive message, and how you receive that message (phone call, email, or text message). If your school has turned on certain options, you may be able to modify your phone numbers and email addresses.

From the User Menu, select Settings, then select Contact Preference. Review existing contact information (phone numbers and email addresses), enter any updates, and mark your desired Messenger Preferences. When phone and email changes are made, an email notification acknowledging the change is sent to the individual, alerting them to changes they may not have made.
Access Log

The Access Log lists the date, time, operating system, browser, and IP address of each time this account has been accessed. Failed attempts are indicated.

Use the Access Log to see information for each login.
