

COME SOAR  
WITH US

# DEAR FUTURE T-BIRD,

Your world feels uncertain this year. Online school, cancelled dances, postponed recitals and thousands of “zooms” in between -- you might be asking yourself if now is the right time for college.

That’s why, in the midst of uncertainty, I am thrilled and honored you are considering Southern Utah University. Earning an affordable higher education while experiencing a vibrant campus life that lives up to your college expectations is possible at SUU. We are prepared to help make your future more certain.

While the pandemic was unforeseen, it was not hard to predict SUU’s collective campus response. Professors and staff have worked around the clock and maintained a laser-like focus on the student. We have ensured a safe living and learning environment and found creative ways to make the most of socially distanced campus fun, all while keeping tuition and fees low. The majority of our classes are safely offered face-to-face so you get personalized attention from your professors.

Your determination and adaptability marks the character of a great SUU student. At the core of our mission is teaching and learning and SUU is a place where innovation is encouraged and experiential learning is the norm.

Ask any student on campus why they love SUU, and you’ll hear the same refrain “it feels like home.” We care about you and have the resources in place to help you achieve the future you want.

Thank you for considering SUU, and I look forward to welcoming you home!

Scott Wyatt

ONE SEMESTER COST TOTAL	\$6,586
ONE SEMESTER AVERAGE FINANCIAL AID	- \$5,692

**OUT-OF-POCKET TOTAL: \$894**

*\*Calculations represent an estimate. Financial aid may vary.*

# FINANCIAL AID

LAST YEAR MORE THAN

# 60%

OF SUU STUDENTS RECEIVED  
SOME FORM OF FINANCIAL  
AID. EVERY YEAR THERE  
ARE MILLIONS OF DOLLARS  
OF UNUSED FEDERAL AID.  
**DON'T MISS OUT—APPLY NOW!**  
**FAFSA.GOV**

## FREE MONEY!

The earlier you fill out the Free Application for Federal Student Aid (FAFSA), the more free money you may qualify for. Get started as early as October to qualify for up to \$5,920 in federal grants per year! When you fill it out, use SUU's FAFSA code: **003678**

## FEDERAL GRANTS

Government money that you do not have to pay back (up to \$5,920 a year). Filling out the FAFSA will also give you access to scholarships!

## ACADEMIC SCHOLARSHIPS

We understand that you may have faced many difficulties when it came to taking your previously scheduled standardized tests. That's why we made the decision to eliminate that barrier for you—not only for admission, but for academic scholarships as well. You're now able to earn scholarship money with whichever score benefits you the most—GPA **or** ACT **or** SAT.

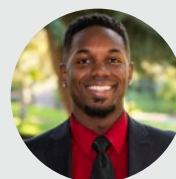

You are automatically considered for academic scholarships when you apply before **March 1st** and awards need to be accepted by **May 1st**. *See the index on page 11 for details.*

## STUDENT LOANS

**Subsidized loans** - money that must be paid back, but will not accrue interest until after you graduate.

**Unsubsidized loans** - money that must be paid back and will start to accrue interest as soon as the loan is accepted.

<b>Centurium Scholarship</b>	<b>\$1,000</b> \$500/semester* (up to 8)	<b>3.59 to 3.40</b>	or	<b>26 to 23</b>	or	<b>1200 to 1060</b>

\*1 year = 2 semesters on this index, however 3 semesters/year may be used. Estimate only. Must maintain a qualifying GPA during college for scholarship awards to continue.

# TRANSFER STUDENTS

# TRANSFER EVALUATION

## APPLY EARLY

Credit evaluations take two to four weeks to complete. This process does not begin until you have applied, paid your application fee, and sent us your official transcripts.

### Step 1:

Apply online at  
[suu.edu/apply](https://suu.edu/apply)

### Step 2:

Submit all official college transcripts  
(24 or more completed credits)

### Step 3:

Pay \$50  
application fee

## CREDIT ARTICULATION (TRANSFER)

Use [go.suu.edu/transfer-guide](https://go.suu.edu/transfer-guide) to see how credits from different institutions transfer to SUU. If we have articulated the credit before, it will be listed in this guide. If not, the course will go to the SUU Registration Office, which can take 2-4 weeks to fully process.

# OUR BACKYARD

## UNIVERSITY OF THE PARKS

When you become a T-Bird, you inherit the greatest backyard in the country. With more than 20 National Parks, Monuments, and Recreation Areas within a five-hour drive of SUU, there's something for everyone to enjoy.

## SUU OUTDOORS

SUU Outdoors sponsors a range of adventures for students throughout the year to ignite a passion in the outdoors. Choose from 50 free Adventure Trips including hiking, mountain biking, canyoneering, climbing, rafting, paddleboard, xc ski, and snowshoeing throughout the southern Utah region.

[suu.edu/outdoors](https://suu.edu/outdoors)

# YOUR SUCCESS

## 3-YEAR BACHELOR DEGREE

The 3-year bachelor degree is an optional program that saves students time and money by accelerating the traditional undergraduate process. By graduating in three years instead of four, students can enter the workforce (or graduate school) earlier while still gaining the professional hands-on experiences needed for the job market. [suu.edu/3years](https://suu.edu/3years)

## MORE OPPORTUNITIES FOR SUCCESS

The Dual Enrollment Program, a new partnership between SUU and Southwest Technical College, allows students to enroll in both institutions, giving them more opportunities for success. Both schools are committed to helping all students by providing multiple academic pathways. [suu.edu/stech](https://suu.edu/stech)

## GRADUATE WITH A COMPETITIVE EDGE

At SUU, students are offered multiple opportunities to get out of the classroom and explore their passions through hands-on, real-world projects. Upon graduation, students have an impressive portfolio giving them a competitive advantage in the job market.

# FRESHMAN STO

CALEB O'NEILL

# RY

Heyo! My name is Caleb O'Neill, I'm a sophomore at SUU and am majoring in Political Science with an emphasis in International Relations! I have loved every minute of my life since I moved to Cedar City to go to Southern Utah University and I wouldn't change it for the world! SUU is my home now and the friends that I've made since moving I consider my Cedar family. SUU holds a special place in my heart because when I was deciding what my plans were after high school it was the only University that I talked to that cared about my situation at the time.

My senior year of high school I had serious health problems that we couldn't figure out for a long time. My last semester of high school was filled with doctor's appointments and tests and IVs and even a colonoscopy (I promise they're not that bad, haha). It took a lot of love and support from family and friends to get me through that semester and SUU was a huge part of that. While my friends were deciding between colleges I was trying to find a diagnosis. College seemed like an impossible dream. But SUU eased my worries. I attended a Red Riot having no intention of ever going to this school but boy did they all change my mind. I was vocal about not really caring about SUU to everyone that tried to 'recruit' me but everyone still showed me that they cared about my success and well being, nothing else.

After that Red Riot I applied for scholarships and applied to be a Presidential Ambassador and eventually was awarded the scholarship. When my Admissions Counselor personally came to my school to award me my scholarship he laid out different options for me dependent upon my health getting better. He told me that SUU cared about my health and THE ENTIRE UNIVERSITY wanted me to have options and not to worry about college because my health was what I needed to prioritize. SUU worked with me and made sure that if my health permitted I had a home at SUU for whenever I was ready. And I hadn't even committed to the university yet! I remember saying to my parents "If they're going to treat me like this as a prospective student how are they going to treat me as a real student?" and I found my answer to that!

INCREDIBLE. I randomly found out about SUU's Jumpstart program and fell in love. I was able to get all my general education credits done in two semesters and I had such a blast doing it. I was able to have Biology class on hikes in Great Basin National Park, Astronomy after roasting s'mores at the campfire in Bryce Canyon National Park, and Photography class using the Grand Canyon as our subject. I even went on a backpacking trip through SUU Outdoors with the President of the University! The best part of it all was I was able to experience all

of these amazing classes and camp outs with my friends that I now consider my family.

With every step I took in my new life at SUU there was always a chance for my health to relapse. After meeting with my professors and my boss's on campus I never was worried about what would happen if my health did take a turn for the worse. My professors checked in all year, extended due dates when family passed away, and worked with me every time I had a routine doctor's appointment. I was nervous to move away from my family and support system that I depended on for so long, but I found a new family here at SUU that I can depend on just as much. I chose to become a T-Bird and was welcomed in a caring family with open wings. Haha, get it. Choosing to attend Southern Utah University has been one of the best decisions I've ever made.

*Caleb O'Neill*

# SENIOR STORY

## SUNNY SIMS

The best four years of my life were spent at Southern Utah University. Being from out-of-state, I was quite nervous to go to college away from home. I didn't know what to expect moving to a state I knew nothing about and where I only knew a handful of people. When I arrived for my first year of college, I was immediately welcomed into the SUU family. SUU does an amazing job at ensuring that students are given the proper resources and connections to excel in academics, extracurricular activities, and your personal life. SUU prepared me for my current job and education as an Assistant Director for Diversity Initiatives at the University of Arizona's James E. Rogers College of Law while studying for my Masters of Legal Studies.

I came to SUU knowing that I wanted to pursue a career in the legal field. I studied Criminal Justice and Political Science with a minor in Legal Studies. My studies opened many opportunities to be involved in my passion for the legal field. I participated in mock trials, completed legal and congressional internships, and served as the president of the Legal Studies Student Association. Not only did the hands-on experience opportunities further my education but the courses themselves were taught by professors who took the time to work with each individual student. Not every university can say that their professors take the time to get to know their students and their future goals and help them reach those goals. I still to this day communicate with my professors from SUU. Your professors might write your letters of recommendations for graduate school, help you get your

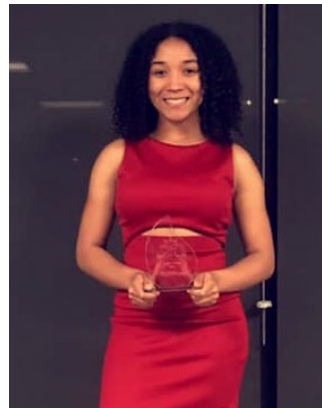

first job, or help you with a career project. Your professors want the best for you. Don't just be the next student in class, but stand out and make connections. Make your professor remember you because it goes a long way.

The most important thing when finding an institution that best fits you is the campus environment. Some universities have competitive environments and that may be what some prospective students look for. I personally enjoyed SUU because of the lack of forced competition and the presence of students who uplift each other and desire to be future colleagues. Don't be afraid to branch out, join new organizations, and make new friends. At SUU, not only are there endless academic opportunities but also other areas. Whether you want to be a part of student government, Greek life, the center for diversity, the center for politics, or Crocs Club, find what you love and take the initiative. I was a part of over 18 organizations during my time at SUU and held over 8 different leadership positions. This doesn't mean that you have to join every organization that you come across, but expand and diversify your college experience. If it wasn't for my campus involvement, I would not have the job that I received right out of college. Academics will always come first but if you can balance between academics and experience, you will be a T-Bird prepared for success!

*Shay L.*

## WHAT WE HAVE TO OFFER

Visiting campus is a great way to see what it will be like to be a Thunderbird. Come take a tour of SUU, check out our on-campus housing, and meet some of our great faculty, following proper pandemic protocols, of course. Virtual info sessions are also available.

## CEDAR HALL

Designed with first-year students in mind, Cedar Hall's innovative floor plan promotes a social atmosphere, making it easy to connect with other SUU students. The building features a unique style of suites in which two bedrooms join to a centrally located bathroom. Each bedroom accommodates two occupants, totaling four residents per suite. Suites are fully furnished.

**\$1,595 per semester**

## ECCLES LIVING LEARNING CENTER

An apartment-style community that fosters personal growth and community development. Each 1,500-square-foot apartment includes a full kitchen with all major appliances, an eat-in area, a furnished living room, and two full bathrooms. To make preparing for your day convenient, dual-sink vanities are located outside each bathroom door. Apartments have four to five furnished bedrooms, accommodate up to seven residents and feature both private and shared rooms.

**\$1,880+ per semester**

## FOUNDERS HALL

SUU's newest apartment-style community houses 320 students. Each apartment includes a full kitchen with all major appliances, two refrigerators, and a furnished living room area. Apartments within this residence hall will have five bedrooms and five bathrooms accommodating 10 residents. Common area lounges furnished with exercise equipment and television provide the ideal environment for making connections and networking with fellow residents.

**\$1,900 per semester**

# DINING

## T-BIRD CIRCLE

Satisfy your appetite by feasting on all-you-care-to-eat dining at the Thunderbird Circle. This dining facility serves breakfast, lunch, and dinner on weekdays and brunch and dinner on weekends. With the Circle's diverse selection of entrees, sides, salads and desserts, you can eat what you want, how you want, when you want.

## DINING DOLLARS

Dining Dollars are bonus money included with each meal plan. They can be used at participating retailers across campus. The funds are applied to Student T-Cards (identification cards) and can be used any time before the end of the semester.

## RESTAURANT OPTIONS

Meal plans can also be used at our on-campus restaurants. We have set up a meal equivalency program so that you can eat what you want, when you want it, with the money that's already been budgeted for food.

The background of the entire page is a light gray topographic map. It features a series of concentric, irregular lines that represent contour lines of a mountain range. The lines are more densely packed in some areas, indicating steeper slopes, and more spread out in others, indicating flatter terrain. The overall effect is a subtle, artistic representation of a natural landscape.
