Landrum Middle School strives to empower all of our students to achieve academic, social, and emotional success. This is only possible when *all* members of our community work collaboratively. To foster this partnership, we must all commit to work together in pursuit of this goal in the following ways:

### Staff Commitments

- We will prioritize the safety, interests, and rights of all individuals in the classroom.
- We will work to learn and grow as educators to provide your child with the best possible education and personalized learning environment.
- We will actively communicate information about your child's progress academically, socially, and behaviorally.
- We will communicate openly and honestly with students and families, and will address any concern(s) they may have.
- We will seek to understand the perspectives of students and families and work collaboratively to support their education.

### Parent Commitments

- We will sign the annual Parent Compact, which signifies our commitment to the school and our child's education.
- We will make sure our child arrives at school on time and remains for the entirety of the school day
- We will send our child to school every day, excluding serious illness. In the event that our child must miss a day of school, we will call the school that day to notify the school of the absence.
- We will actively seek information about our child's progress academically, socially, and behaviorally.
- We will communicate openly and honestly with our child and the school, understanding that we are all working with the best interest of our child in mind.
- We will make sure our child has access to and is dressed in accordance with the Landrum Middle School dress code.
- We will take an active role in the school community by attending parent meetings, activities, volunteer opportunities, and events on campus.
