

## Fall 2020 Parent Engagement Series

As we move into the second quarter of hybrid learning we want to engage with parents and families directly in some learning to make the learning experience better for all students. Our Elmhurst Team has developed the following series of presentations with parents in mind.

Each presentation will be broadcast in English and Spanish and will be recorded so that parents can watch them at a later time. The presentations will follow the work of the book, The Distance Learning Playbook for Parents (Fisher, Frey, Hattie, & Wiseman) (available for purchase [from Amazon](#)).
