Boys' Lacrosse (5,6,7,8 grades)

The Junior Varsity Programs typically include grades 5 and 6 and strive to develop individual skills and team play. Coaches will ensure that substitutions are handled in a manner that will benefit the individual player and the team.

The Varsity Programs for grades 7 and 8 strive to refine each players' athletic skills. The expressed purpose is to develop the best team possible for competitive play in the Catholic Academy League, as well as provide each participant with the importance of understanding his or her role for the team. Team performance and team goals are stressed at this level, with expectations for each athlete to contribute to the development of the team. Individual playing time is at the judgement of the coaching staff.

Student athletes are responsible for:

- Representing the R.I.C.E. Process of Ancillae-Assumpta Academy
- Being respectful to teammates, coaches, opponents, spectators, and officials
- Attending and being prepared for all practices and games
- Maintaining academic eligibility
- Maintaining school behavior standards

Ancillae-Assumpta Academy values the opportunity for students to participate in a variety of athletic endeavors. A fee payable at the beginning of the season is charged for participation in a sport. Athletic uniforms are purchased by the player and used for the duration of their participation. Cardiac, concussion, and sports physical forms are submitted yearly by players. The Academy's Athletic Advisory Committee ensures that coaches, parents, the athletic department, and the administration work together to facilitate a successful program that benefits our student athletes.
