THE CBHS ENDOWMENT

Through the years, several named funds have been established within the CBHS Endowment. Today, nearly 40% of our current enrollments receive some level of financial assistance, which comes from the funds within the CBHS Endowment. These funds enable us to continue our mission as we strive to provide a college-preparatory education to all Brothers' Boys, no matter their socioeconomic background.

The CBHS Endowment fund is left untouched. Only the interest from investments is used for the purpose of financial aid. The fund grows when returns are greater than budgeted and when gifts are made to grow the specific funds.

These funds are an excellent way to honor a loved one as they deeply impact CBHS and our students. Contributing to any of the funds allows CBHS to continue our mission and help more families enjoy a student experience unlike any other in the Mid-South. An endowment fund is a permanent, self-sustaining source of funding. An endowment agreement between the donor and CBHS permanently defines the purpose of the fund. The agreement also outlines the school's standard procedures for managing the funds.

The following is a list and brief description of the current funds and endowments that have generously been established to support the mission of CBHS.
