# Generating Staff Responsibility Report

## Introduction

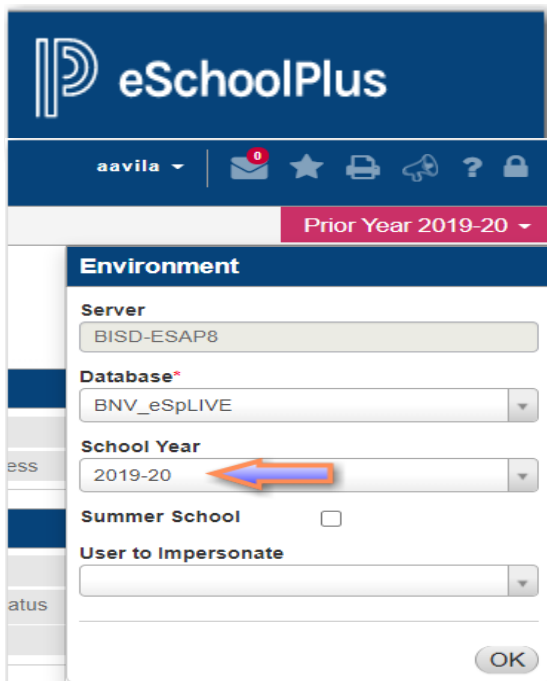

This document describes the steps to follow in order to properly generate last year's Staff Responsibility report in order that it may be used to assist in the coding of this year's Staff Responsibility records for the PEIMS snapshot submission.

## Change to Last Year's Database

The report should be generated from last year's database. Change the current school year to reflect last year's database by clicking on the school year link at the top right hand corner of the screen as illustrated below:

Select the school year from the drop down menu. See example below:

**NOTE:** Make sure you are in the LIVE database, that's to say, DO NOT CHANGE the database name.

The screenshot shows the 'Environment' dialog box. The 'Database\*' field is set to 'BNV\_eSpLIVE'. A callout box with an orange border and blue background points to this field, containing the text: 'Do not change this. Make sure you are in Live'. The 'Server' field is 'BISD-ESAP8', 'School Year' is '2019-20', 'Summer School' is unchecked, and 'User to Impersonate' is empty. An 'OK' button is at the bottom right.

Click on the  button.

The top right hand corner of the screen will now look like this:

The screenshot shows the top right corner of the interface. The 'Prior Year 2019-20' dropdown menu is highlighted. A callout box with an orange border and blue background points to the dropdown, containing the text: 'Right'.

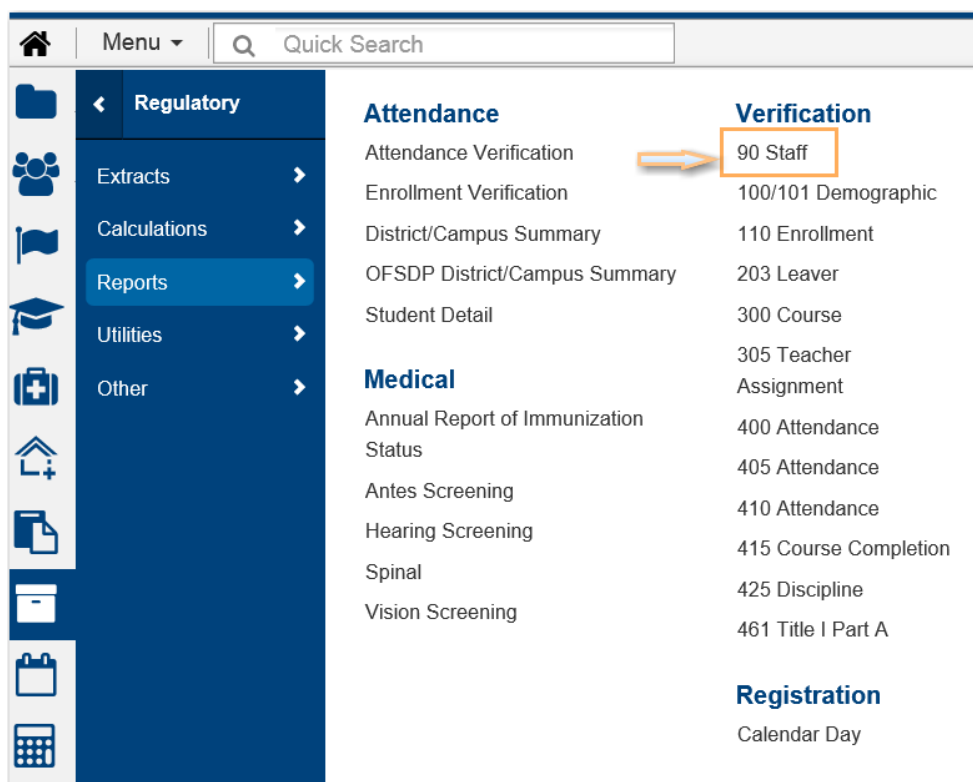

**NOTE:** If you see “Current Year 2019-20” at the top right hand corner of the screen, you are in the WRONG database.

The screenshot shows the top right corner of the interface. The 'Current Year 2019-20' dropdown menu is highlighted. A callout box with an orange border and blue background points to the dropdown, containing the text: 'Wrong'.

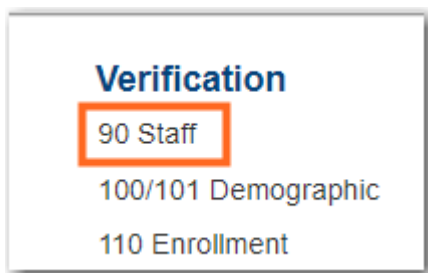

## Generating the Report

Follow these steps to generate the report:

1. Click on "Menu."
2. Click on "Regulatory"
3. Click on "Reports."
4. Click on "90 Staff"

5. Click on "90 Staff".

- Type your building number next to the “Building List”. Include “All Staff”, and “Report” on Report Type. See example below. The following should remain as is: “Include Staff”, “Include Staff w/No State ID”, and “Report Type”.
