

MENDOTA

Elementary

Get to know Mendota!

- #1 At Mendota, we believe all children can and will learn.
- #2 We believe knowing the children we teach — individually, culturally, and developmentally — is as important as knowing the content we teach.
- #3 We believe each student has unique strengths.
- #4 We believe social and emotional skills are as important as academic content.
- #5 The after-school enrichment program coordinated by the Mendota PTA provides opportunities for all students to create, explore, and discover.

“Mendota teachers and staff provide an excellent academic experience. That plus their focus on important life skills like kindness, inclusion, and independence have provided our children with foundational tools for their future.”

— Phillip Souzek, Parent
