- SUPERINTENENT’S UPDATE** Dr. Terranova talked about the ongoing situation in the community, country and world with COVID-19. He apologized for the all of the letters he is sending out; however, he wants to be as transparent as possible. He publically thanked the Ontario County Health Department for helping to deal with COVID. Without their collaboration, the District would not be able to work through this in a safe and efficient way. Superintendent Terranova said we are hopeful about two important things. The first important piece of information is the District has not had transmission between kids in school or in school related experiences. The Ontario County Health Department said the safest place for kids during the day is in school and in school related experiences because of the processes the District has put in place from mask wearing to social distancing to cleanliness. A second important piece of information is that the staff was surveyed around the cleanliness of the buildings. The 93% of the staff who responded felt the cleanliness was at a high level. If we continue to be responsive in cleaning our buildings at the highest levels, that will go a long way in connection with the District’s safety procedures and keeping everyone in school. Dr. Terranova said, as we come into the holidays the community has to rise to the occasion so the school can remain open. He said he is very thankful for our local government and the work they are doing. He talked about the Town Hall that Victor Town Supervisor Jack Marren did along with Ontario Health Department Director Mary Beer. Dr. Terranova encouraged everyone to watch it and said it was on the District’s website as well as the towns. He said the towns and School District will continue to collaborate with the county and the community to make sure this is a safe place.

BUDGET TRANSFERS

The budget transfers as requested in a memo from Interim Assistant Superintendent for Finance, Richard Stutzman to Superintendent Tim Terranova dated 10/30/2020;

Richard Stutzman provided an explanation as to why the request for the transfers. He said when the 2020-2021 budget was developed the District created a number of additional budget codes to comply with the transparency reporting requirements that came into existence several years ago. The money was already in the budget other than the additional COVID costs for the part-time people to clean the high touch areas in the buildings.

CAMPUS NEWS

Dr. Terranova summarized campus news and events.

**2021-2022 BUDGET
DEVELOPMENT
CALENDAR**

A motion was made by C. Parks, seconded by T. Turner, to adopt the 2021-2022 Budget Development Calendar:

Dr. Terranova said the main purpose to have a budget development calendar is transparency for the community and being strategic in getting the information necessary to the Board of Education. This information has to be delivered in a timely manner so the Board can adopt the best budget possible in April for a May vote. The formal process will be started at the December Board of Education meeting. In December, Mr. Stutzman will review the 2021-2022 draft budget and the financial strategy moving forward. Mr. Stutzman also set-up a meeting with leadership to focus on staffing and on the critical aspects of what we need to do in our District. The District needs to spend money on the priorities and that needs to be made clear because we need to be as efficient as possible with generating revenue, especially through state aid. The focus has been shifted around this the concept of strategically emphasizing state aid as revenue. Dr. Terranova said this budget calendar would enhance that process. On January 28th the Board will be holding a Budget Workshop, which will be focused not just on the expenses but revenue. He said at that time we should have much more information on state aid. As the process moves into February a specific budget should be able to be worked out.

The motion was carried. 7 yes 0 no

**LONG-RANGE
TECHNOLOGY
FINANCIAL PLAN**

Dr. Terranova said he mentioned a focus on really prioritizing expenses as the District moves forward and maximizing the revenue that is generated outside of taxes. Victor Central Schools' hardware and network has been a focal point with Interim Assistant Superintendent Richard Stutzman and Director of Computer Services Angela Affronti. Ms. Affronti said the objective of the presentation is to explain the Districts technology spending in the past, present and future and getting into the long-term planning. She said she will also talk about how, moving forward, they can create better fiscal planning, working hand-in-hand with the business office. Mr. Stutzman said, in the past the District purchased hardware, the tools used in the classrooms and offices including laptops, desktops, and Chromebooks, through WFL BOCES to generate BOCES aid. prioritizing expenses as the District moves forward and maximizing the revenue that is generated outside of taxes. Victor Central Schools' hardware and network has been a focal point with Interim Assistant Superintendent Richard Stutzman and Director of Computer Services Angela Affronti. Ms. Affronti said the objective of the presentation is to explain the District is spending in the past, present and future and getting into the long-term planning. She said she will also talk about how, moving forward, she can create better fiscal planning, working hand-in-hand with the business office. Mr. Stutzman said in the past the District purchased hardware; the tools used in the classrooms and offices including laptops, desktops, and Chromebooks, through WFL BOCES to generate BOCES aid. Every year, the District has also allocated specific funds, based on the number of students, to purchase state aided computer hardware. The District has done this very well. He said the network is a different discussion. Over the years, the District has purchased the network peripherals using capital project money. This means when something has happened, in the past, that requires repairs the District has either had to repair it internally or contract it out to an outside vendor. When you use an outside vendor and not BOCES you do not generate any aid. Mr. Stutzman said when he mentioned the capital project purchases those items are paid for over a 15 year period of time using bonds and interest; however many of those items need to be replaced before the 15 years is up. At times the District may have to replace the items two or three times before the initial purchase is paid for. Mr. Stutzman said the District is moving away buying technology through capital project funds. He said it will take a little longer to accomplish the technology goals that were put in the current capital project; however it makes the most sense from a financial standpoint. The one thing that will remain in the project is the replacement of the projectors in the four auditoriums because they have a useful life of well over 15 years. Mr. Stutzman said he and Mrs. Affronti meet almost weekly to talk about items that come up and how to best purchase items in a way that would maximize the funds that are provided from outside resources, BOCES aid and state aid. Ms. Affronti said they will continue to follow the revised hardware and network spending plan. They will continue to support the network through securing itinerant BOCES services that come in couple of days a week that help with the network. She said they will begin to strategically plan the staffing necessary for improved instructional technology support from their department. Mrs. Elliott said this could save hundreds, if not millions of dollars by going through the right channels that are more amiable and more efficient. She thanked Mr. Stutzman and Ms. Affronti for bringing that to the Boards attention. She said she is looking forward to where the department can take the District.

VICTOR CENTRAL SCHOOL BOARD OF EDUCATION

LONG-RANGE STRATEGIC PLANNING PROCESS

Dr. Terranova said, right now the District is focused on the day to day ability to continue to offer education to our kids in the most efficient, but most productive way, which is a hybrid model. He said at the same time we cannot lose focus on the long-term strategy to make sure our District is sustainable in the best ways to support our kids. The first aspect is to talk about long-term financial planning. This will begin in December. Superintendent Terranova said we have to get the District right-sized in terms of revenue and look at how we can be efficient. There will be a budget workshop to get to the heart of the revenue in relation to the expenses. This will be a community endeavor as it was last spring. He said this is not just talking about one year; we will be talking about two and three years. A second piece of the strategic plan is an analysis and recommendations for instructional leadership that will take place between December and March. Recommendations will come to the Board of Education in March to decide next steps. Instructional leadership structure will be an important piece with the financial planning as well. He said the third piece is District Strategic Planning from July 2021-December 2021. The first two steps need to take place before the District can move forward as a whole. The process will be transparent and will have heavy community involvement.

MEETING REPORTS Monroe County School Boards Association Committee Reports

Mr. DeLucia reported out on the Monroe County School Board's Association Information Exchange Committee Meeting that took place on October 14th. He said the presentation was on reopening schools with mental health and equity in mind. It included things like what the mental health and equity needs were and the impact of COVID. She talked about the nature of stress related to COVID.

Mr. DeLucia then reported out on the Labor Relations Meeting that took place on October 21st. He said the presenters defined for members the qualification for unemployment benefits and the criteria for employees to receive additional benefits.

Mr. DeLucia also reported out on the Legislative Committee Meeting. Visitors to the meeting included Interim Chancellor T. Andrew Brown and Regent Wade Norwood. Both stressed that financing public schools will be increasingly challenging.

Mrs. Elliott said she attended a President/Vice Presidents meeting on November 4th. The bulk of the conversation at the meeting was how to work with the mental and emotional health of students and staff. There were some uplifting ideas. One thing that came out of the conversation was that even in Monroe County very few of the contact tracings come from the schools. Schools are the safest and cleanest places for students to be.

VICTOR CENTRAL SCHOOL BOARD OF EDUCATION

MEETING REPORTS

Standing Committee Updates

Mr. DeLucia said he attended the virtual NYSSBA Annual Convention through the Wayne-Finger Lakes BOCES Board. He said it was very well done and he has access to all of the sessions through the end of the year. This will allow him to go back through and review those he could not attend.

Mr. Vetter said he and Mrs. Ballard attended the Technology Committee Meeting. The focus was to adopt the vision statement that was created in the prior session. He said the main focus of this meeting was to review the goals that were in the original Technology Plan. Results of a recent technology survey that was conducted with the faculty was reviewed. The feedback from the group was the need for additional professional development for teachers. The next meeting will take place on January 19th.

Dr. Parks said as the Board looks at all of the different committees they sit on, not even so much the ones outside of the District, but within the District. We should understand that we serve on them as Board members, but also understand that when we are there that the committee understands we are then in support and not there to run the meeting. It is not the Board's meeting. We are at the same level as a community member. Our voice is equal to that of every single person on the committee. It is never a Board directed committee meeting, it is the director's meeting, or whoever it is that chairs it.

PUBLIC COMMENT

Due to the virtual meeting, there will be no live public participation. Please feel free to email any thoughts or comments to the Superintendent at terranovat@victorschools.org. The Board will receive all thoughts and comments submitted.

**MEMORANDUM OF AGREEMENT
BETWEEN THE CIVIL SERVICE EMPLOYEE'S ASSOCIATION INC,
LOCAL 1000, AFSCME, AFL-CIO, VICTOR CENTRAL SCHOOL
DISTRICT NON-INSTRUCTIONAL EMPLOYEES UNIT #7854 ONTARIO
COUNTY LOCAL 835 AND THE VICTOR CENTRAL SCHOOL DISTRICT**

The Civil Service Employee's Association (hereinafter referred to as "CSEA") and the Victor Central School District (hereinafter referred to as the "District" and both hereinafter referred to as the "parties") are agreeing to the Memorandum of Agreement stated below.

Whereas, CSEA and the District are parties to a collective bargaining agreement which will expire on June 30, 2023; and,

Whereas, both parties understand the impact of COVID-19 on the operations of schools and school buses; and,

Whereas, new disinfecting procedures have been implemented in schools and school buses for the 2020-21 school year; and,

Whereas, both parties mutually agree to enter a memorandum of agreement because of the need to increase the disinfecting of school buses using the new procedures; and,

Now, therefore, the parties mutually agree as follows:

Due to the need to disinfect school buses in order to reduce the spread of the COVID-19 virus, the parties agree to pay District bus drivers at the rate of \$15.00 per hour when performing the newly developed bus disinfecting procedures on District buses.

The scheduling of bus drivers to perform bus disinfecting procedures will be at the direction of the Director of Transportation or their designee.

It is understood that this rate is limited to disinfecting buses using the new procedures that have been developed in response to COVID-19 and is not the same as bus cleaning/sanitizing.

Further, the rate for bus cleaning/sanitizing found in the current collective bargaining agreement will remain unchanged.

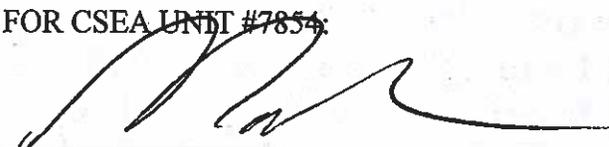

This Memorandum of Agreement shall be effective retroactively to September 10, 2020 and remain in effect until the last day students are transported on District buses in the 2020-21 school year, shall not set any precedence and all other terms and conditions of the collective bargaining agreement remain unchanged.

Agreed to this _____ day of November, 2020

Independent Auditors' Report

To the Board of Education
Victor Central School District, New York

Report on Compliance for Each Major Federal Program

We have audited the Victor Central School District, New York's compliance with the types of compliance requirements described in the *OMB Compliance Supplement* that could have a direct and material effect on each of the District's major federal programs for the year ended June 30, 2020. The Victor Central School District, New York's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Victor Central School District, New York's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Those standards and the Uniform Guidance require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Victor Central School District, New York's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of the Victor Central School District, New York's compliance.

Opinion on Each Major Federal Program

In our opinion, the Victor Central School District, New York complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2020.

Report on Internal Control Over Compliance

The management of the Victor Central School District, New York is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Victor Central School District, New York's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with the Uniform Guidance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Victor Central School District, New York's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. *A material weakness in internal control over compliance* is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. *A significant deficiency in internal control over compliance* is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies and therefore, material weaknesses or significant deficiencies may exist that were not identified. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

Report on Schedule of Expenditures of Federal Awards Required by the Uniform Guidance

We have audited the financial statements of the governmental activities, each major fund, and the aggregated remaining fund information of the Victor Central School District, New York as of and for the year ended June 30, 2020, and the related notes to the financial statements, which collectively comprise the Victor Central School District, New York's basic financial statements. We issued our report thereon dated October 9, 2020, which contained unmodified opinions on those financial statements. Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the basic financial statements. The accompanying schedule of expenditures of federal awards is presented for purposes of additional analysis as required by the Uniform Guidance and is not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditures of federal awards is fairly stated in all material respects in relation to the basic financial statements as a whole.

1. **Basis of Presentation:**

The accompanying Schedule of Expenditures of Federal Awards (the schedule) includes the federal award activity of the Victor Central School District, New York (the District) under programs of the federal government for the year ended June 30, 2020. The information in this schedule is presented in accordance with the requirements of Title 2 U.S. Code of Federal Regulations Part 200, *Uniform Administrative Requirement's, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance). Because the schedule presents only a selected portion of the operations of the District, it is not intended to and does not present the financial position or changes in net position.

2. **Summary of Significant Accounting Policies:**

Expenditures reported on the schedule are reported on the GAAP basis of accounting. Such expenditures are recognized following the cost principles contained in the Uniform Guidance, wherein certain types of expenditures are not allowable or are limited as to reimbursement. Negative amounts shown on the schedule represent adjustments or credits made in the normal course of business to amounts reported as expenditures in prior years.

3. **Indirect Costs:**

The District has elected to not use the 10 percent de minimus indirect cost rate allowed under the Uniform Guidance. Indirect costs are included in the reported expenditures to the extent they are included in the federal financial reports used as the source for the data presented.

4. **Matching Costs**

Matching costs, i.e., the Victor Central School District's share of certain program costs, are not included in the reported expenditures.

5. **Non-Monetary Federal Program**

The Victor Central School District, New York is the recipient of a federal financial award program that does not result in cash receipts or disbursements termed a "non-monetary program". This program Surplus Food Distribution (CFDA Number 10.555), and the fair market value of the food commodities received during the fiscal year is presented in the accompanying Schedule of Expenditures of Federal Awards and was considered in the Victor Central School District, New York's single audit.
