Important information about registration for the 2021-2022 school year

Welcome to JHS! We wish we were saying that to you live and in-person! We hope to meet each of you when we are all together at Juanita High School in the fall!

Below is information specific to the incoming class of 2025 and how/when students will register for 9th grade courses.

Typically, we have an in-person event for our 8th grade parents around this time. Given the unique circumstances, **this year the information for 8th grade parents will be posted online on December 9th.** Please access this information any time on December 9th or after by visiting the JHS website.

On December 11th, our 2021-2022 JHS Course Catalog will be posted on the JHS website. Feel free to browse through and read about the different programs and courses offered at Juanita High School for the 2021-2022 school year. More information about registration and course planning, specifically targeted for the Class of 2025, will be available online in early January.

On January 7th, registration information for the class of 2025 will be posted on the “Course Registration & Graduation Planning” tab on the JHS Counseling website. This will include an in-depth, narrated presentation specifically targeted at students registering for 9th grade. Parents and students are both encouraged to access this information. For Finn Hill and Kamiakin students, the presentation will be shown during one of your class periods around January 7th.

We understand that there may be many questions about next year. We encourage parents and students to speak with their current middle school teachers and counselors, whom know them best right now, regarding planning and course selection for next school year. For other general questions, we will have a link where questions can be submitted, and a FAQ will be regularly updated with answers to the most asked questions. Questions can be submitted beginning on December 9th at 5pm. <https://tinyurl.com/8thGradeFAQ>.
