January 16, 2021 **9 am - 10 am** (Writing & Language)

January 23, 2021 **9 am -10 am** (Math)

[Click here to sign up for your sessions.](#)

You are required to sign up by January 4 in order to participate in the sessions. Zoom invite information can be found on the session sign up form.

Before sessions begin, we strongly recommend doing the following:

-Create an online College Board account, if you do not already have one. DO NOT create a duplicate account if there is ANY possibility you or a parent created one, previously. Click [here to watch how to create a College Board account](#)

-Link your College Board account to Khan Academy. This will give you the opportunity to utilize free, customized SAT prep that will focus on the skills needed to do well on this test. [Click here to watch how to link your College Board account to Khan Academy.](#)

-Review your previous College Board test scores, such as the PSAT 8/9 from freshman year or the PSAT/NMSQT (SCORES FOR THIS TEST WILL BE AVAILABLE IN DECEMBER). Look over your previous test score reports to understand strengths and challenges.

-Take the **online SAT PRACTICE TEST 3** from College Board and Khan Academy. (Taking this test will then allow Khan Academy to customize practice suited to your results.) Click [here to watch how to access this practice test.](#)
