

Student Lunch at the International School of Hellerup

A lunch service is available for all students (Pre-K to DP2). The lunch service is compulsory for all Pre- K students. Students in Kindergarten to DP2 will need to sign up to receive lunch.

Lunch subscription options and costs

There are two subscription options to choose from:

1. **ANNUAL STUDENT LUNCH OPTION.** By selecting this option, you will agree that ISH can add DKK 495 to your monthly invoice for the full school year. The subscription is for 10 months excluding July and August.
2. **FIXED TERM STUDENT LUNCH OPTION.** By selecting this option, you will agree that ISH can add DKK 540 to your monthly invoice for a specific period. The fixed term subscription runs from September to December (4 months) and January to June (6 months). Parents will need to re-register in December if you wish to subscribe for the following term.
3. **MYP5-DP LUNCH OPTION.** By selecting this option, you will agree that ISH can add 540 to your monthly invoice. This is the price for both the annual and the fixed term subscriptions due to delivery and packaging costs for lunch at the High School campus.

Please note that the subscription fee is calculated based on the number of school days in a year and divided into a monthly rate. Therefore it is a flat rate each month, including months with school holidays.

How do I sign up?

We open up a registration window at the beginning of each school year and again in December for the following term. Parents are notified on ManageBac when the subscription window is open. Registration is only possible during these times.

Parents can subscribe their child(ren) by completing the [online registration form](#). Please make sure to submit one form for each child.

All new students will have the opportunity to subscribe at enrollment.

What is for lunch?

We strive to serve a healthy and nutritious lunch. We will serve a variety of hot, cold or packed lunches - depending on the season and the available produce.

There are two lunch options available every day – a general option and a vegetarian option. This is complemented by salads and breads with lactose-free butter. Please note that all meat used is Halal.

The menu will be published each week on the ISH website: <http://ish.dk/school-life/school-lunch-service/>

Although lunch is served at the school, we still encourage you to pack healthy snacks for your child, and to provide a water bottle that can be kept at school and used by your child throughout the school day.

When is lunch served?

School lunch is served from Monday to Friday at different times for the different grade levels. A general guideline of lunch times can be obtained from your child's Homeroom (PYP) or Advisor (MYP) teacher.

Please note that when class field trips, half days (days when the school closes at 12:00) and whole school outdoor events such as Olympics day and Motions Day occur, parents will need to provide a packed lunch for their child that day.

The school lunch service is offered for 10 months from September until June. This school year, the school lunch service will start on 31 August 2020 for all signed-up students. Until then, students should bring their own packed lunch. Pre-K3 lunch will be available as of 20 August 2020 and Pre-K4 lunch service will start on the 18 August 2020.

Allergies and dietary requirements

It is crucial that you share any allergies and dietary requirements with us. If your child has any allergies, please contact the school at lunch@ish.dk before signing up. The school lunch team will then be able to confirm if the lunch service can cater to your child's needs.

Unfortunately, we cannot accommodate students with severe food allergies and therefore, students with severe food allergies (including severe nut allergy) should not use the lunch service.

COVID-19 safety measures

- Hand sanitizer is provided at the entrance to the canteen and by the food buffet
- Serve ware is changed after each group
- Kitchen staff wear face masks at all times

How will the lunch service work for MYP5-DP classes?

Lunch will be delivered to the High School campus daily from August 31, 2020.

How do I cancel or unsubscribe?

You can only cancel or unsubscribe at the end of a subscription period. Should you want to cancel or unsubscribe before the period has run out and you remain enrolled at the school, you will pay for the full period. Should you move or leave the school you will be eligible to cancel the lunch subscription without having to complete the full subscription (as part of the withdrawal process). New families trying the lunch service for the first time can cancel/unsubscribe after the first month of subscription by emailing lunch@ish.dk.

A few practical things to know

- Should our cook be sick or absent, ISH will make sure that lunch is still served. On these days the menu may not be as rich as it usually is, but ISH will make sure that it is always at a good standard.
- There will be no refunds for lunches missed by students due to illness or any other reason.

Who is my contact at the school for any lunch related matters?

Should you have any questions relating to the student lunch service at ISH, please send an email to lunch@ish.dk
