Welcome by Karolina (meeting started 16.05)

Upcoming event: ISH Upper School Exhibition, March 14 - Karolina

Karolina shared some info about the Upper School Exhibition on March 14 and we looked at the brochures ([link here](#)) about the event.

Upcoming event: Edible Books, April 23 - Andrée Keenoy

Andrée introduced a fun upcoming community event: the Edible Books day on April 23 .The basic idea is to create an “edible book.” It can be inspired by a favorite tale, involve a pun on a famous title, or simply be in the shape of a book (or scroll, or tablet, etc.) All entries will be exhibited, documented, then EATEN... by participants! Everyone in the school (students from PYP to DP, teachers and parents) are welcome to participate The slideshow that Andrée presented at the meeting can be downloaded [here](#). Please note: on page 3, there is a mention that students should dress up as their favourite book character on the Edible books day, which is incorrect. There is no dressing up on the edible books day, however students are welcome to dress up on the following day for the the Read-a-Thon Book Awards.

Parent volunteers are needed to help with the preparing decorations for the Edible Books day and there is also a need for parent helpers during the day. A volunteer sign-up will be sent out on ManageBac after the Spring Break.

Playground Design - Karolina

The design for the playground is now finalized. We looked at the 3D visualization video ([link here](#)) together and discussed the design. Some of the points that were brought up:

- When will construction start and what is the estimated construction time? Answer: Construction will begin either just before the Summer Break or at the beginning of the Summer Break. Most of the construction will take place during the break. If some parts of the playground are not ready when the students come back in August, there will be no access for students to these areas..
- Will there still be parking space for bikes? Answer: Yes, the bike parking will remain where it is today, at the back of the school building.
- At the moment, there is an age limit on some playground equipment. Will all grade levels be allowed to use all the equipment in the new playground? Answer: K does not have specific information about this but we should assume that students will be allowed to use all play equipment as long as it is age appropriate and safe. K will set

up a Q&A session for parents about the playground at the beginning of the next school year.
