

Beatriz: Hi, my name is Beatriz.

Gregorio: Hi, my name is Gregorio Quechol.

Beatriz: Our daughter Haidee is in 10th grade and this is our second year at Holy Innocents'. We are very happy to belong to this community.

Beatriz: We, as a family, chose Holy Innocents' because we knew that HIES would do an excellent job helping our daughter to grow academically and help us with her transition from middle school to upper school.

Beatriz: And we are very happy with all faculty and staff that helped us with this transition making Haidee feel welcomed to the Holy Innocents' community.

Gregorio: We could see how teachers really care for their students and do their best even in uncertain conditions such as the unprecedented online classes during the pandemic, where we saw how every single teacher got involved to help each of their students.

Gregorio: We really appreciate the way Holy Innocents' facilitated the return to school for its students and we could see how the faculty and staff took good care of students' well-being during this return.

Beatriz: Haidee is currently in the Global Citizenship Program. This was one of the most attractive things of Holy Innocents' for us. The Global Citizenship Program is a program where students learn about different cultures around the world and it is also a safe space for Haidee to express her opinion about different world issues.

Beatriz: We are extremely happy having chosen Holy Innocents' for Haidee and we can see how our daughter continues to grow and find her true passions and goals in life.

Gregorio: We were absolutely sure that we were making the right decision and that Holy Innocents' would prepare our daughter and provide her with the best resources and skills for college. This is possible thanks to the Holy Innocents' community and especially to its faculty.

Beatriz & Gregorio: Thank you.
