Prepare for our Musical Theater Workshop with Ms. Molinelli. Study the scenes that students will be working on and use different art materials to create two dimensional set concepts for each scene to be used in the workshop in the Spring. 3 Min

About the Instructor:

Ms. Molinelli is our PJS Atelierista. She finds great joy in exploring various art forms with the students. For the first time last year, she lead the PJS Musical Set design group to design and build amazing sets for **Mary Poppins**.

NOTE ABOUT THE PJS MUSICAL THEATER WORKSHOP

This year we are doing things a bit differently. In the SPRING, we will be taking a workshop approach to performing and producing musical theater. Students will study scenes, character development, and take a deep dive into performing lines and music with Ms. Swartley and Ms. Sheppard. Our goal, is to create scenes from various musicals, to be performed virtually and edited together for our PJS community to enjoy. This term, Ms. Molinelli will be working with students interested in set design to create design concepts for the scenes that will be performed during the workshop. Our spring session of the Enrichment Program will provide offerings for those students interested in acting and computer editing. While this is definitely a different approach than in the past, we are excited that we will be able to take this time to get everyone involved in theater exploring their own interests!

Play with The Little Gym

ECP 4-4:30 \$150

The Little Gym at Home is an interactive, live, virtual class experience designed to keep your kids moving, learning, and having fun when you can't get to the big red mat. Our at home classes incorporate the same age-appropriate class elements you would experience in the gym. Our talented, trained instructors will provide students with individualized instruction to help grow skills, develop confidence and self-esteem, all while having Serious Fun! 8 Min

About the Instructor:

The Little Gym is the world's premier enrichment and physical development center for children ages 4 months through 12 years. Programs offer children a Springboard to Life's Adventures by using movement-based learning and imaginative play to help build the confidence and skills needed at each stage of childhood.

Simple Circuits with Steamworks

Please Note:

All afterschool Enrichment Classes will be offered Remotely this Fall between the times of 4:00 and 5:00 pm.

You will be sent a link to join the classes on Zoom. Please be sure your child has had a snack, and a screen break, and help them choose a quiet spot to be attentive, before logging them into their Enrichment experience. Students can participate in Enrichment classes if enrolled in the afterschool program.

Please let us know if you have any questions whatsoever!
We are looking forward to embarking on this adventure together!
