APPENDIX A

COST SAVINGS AND EFFICIENCIES FOR FISCAL YEAR 2019-2020

TOTAL ANNUAL SAVINGS TO-DATE OF: \$38,597

\$11,319 Cable Advisory Grant: One of the high school teachers, Jeremy Iverson, applied for and received a grant from Cable Advisory Grant. The grant is to be used to purchase production equipment for the film courses and production room. This reduces the amounts that would be funded through the general fund.

\$ 2,600 Adult Education Shared Agreement: The Director of Finance & Administration negotiated a lower rate for the mandated high school equivalency and English as a Second Language programs sponsored by Hamden Public Schools.

\$23,250 E-Rate Credits: The District's application for E-Rate credits is approved. The amount reflects discounted invoices for the CEN – state provided internet connection.

\$1,428 Invoice Review – Tracy Daigle, Facilities Coordinator, relentlessly pursued our service contract pricing for elevator service with Kone. Due to her diligence and knowledge of US Communities contract rates, she saved the District \$1,428 on recent service calls as they were billed at the incorrect rate.

There is a detailed history of the District's efforts to save dollars and operate efficiently. This information is posted on the District's website:

APPENDIX B

MONTHLY FORECASTS: PURPOSE, METHODOLOGY, HISTORICAL

PURPOSE & METHODOLOGY:

A forecast is a prediction or estimate of future events and trends. **It is only as good as the data available and the assumptions used.** We use current information and past history.

There are many factors, which can significantly impact expenditures, both positively and negatively (e.g., staff turnover, vacancies and leaves-of absence; medical and dental insurance claims when self-insured; special education expenditures; major facility repairs; snow removal).

To illustrate, a special education student could move into the District in mid-year and the cost impact could be over \$100,000 and/or we could have a 'bad claims year' and wipe out the Self Insurance Reserve Fund and need other funds to cover claims of current employees and retirees. If we do not have available funds to cover these and other potential shortfalls, the necessity to seek additional funding from the public would be our only option (as only the towns have a fund balance from prior years available to use in the case of an emergency).

Revenues can be most impacted by decisions made at the State level for Special Education and Transportation grants. We have seen the reimbursement rate change in mid-year.

Prudent financial management is necessary. We need to be sure the total expenditures budget is never overspent (and may need to be underspent if revenues are below budget because total expenditures cannot exceed total revenues). It is imperative we 'hold back' on spending any of the Contingency Account until it is absolutely necessary or we are close to yearend. The Superintendent of Schools and Director of Finance and Administration review and approve or deny all purchase orders. We are careful to make sure funds are only spent when necessary and not just because 'it is in the budget'. We are constantly faced with the 'what-ifs' of over expenditures in certain accounts. We need to be sure there are sufficient funds available. As a result, the fund balance has been larger towards the end of the fiscal year.

Furthermore, the monthly forecasts are based on the information available. We have had large, unexpected or highly unpredictable events at the end of the fiscal year (mostly of a positive nature), which have significantly change the forecast from May to June.

HISTORICAL:

The chart below depicts the yearend balance projected in May and June of each of the past three fiscal years.

The major contributors of the significant change from the May to June forecasts are detailed below.

FY2017:

The audited fund balance for 2016-2017 is \$1,793,498. The monthly forecast for May projected a fund balance of \$1,199,764, which included \$345,000 for Capital Reserve. The change is \$593,736 higher than the prior month's forecast.

- **\$231,098:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. We use conservative estimates in the forecasts based on past history.
- **\$129,651:** Purchased services were lower than forecasted. Athletics held fewer home contests, did not have a need for assistant coaches in a few middle school sports and cheerleading did not field a squad. Interns were fewer than budgeted.

Less than anticipated need for psychiatric consults and other consultants at PPTs. Transportation for field trips, athletics contests, and special education were lowered than expected.

- **\$76,592:** Supply accounts were under budget. These accounts include general instructional supplies, texts, library materials, transportation and maintenance supplies, and repair and maintenance accounts. Staff monitor budgets closely during the year and spend very conservatively. The staff does not attempt to “zero out” accounts but purchase what is needed at the best possible price.
- **\$54,302:** Utilities expenses were lower than anticipated. Electricity usage was lower than forecasted. The final invoice comes in July and the cooler temperatures saved on air conditioning costs. Fuel for bus drivers was not fully expended. Bus drivers have until June 30th to take fuel and the towns bill in the next 4 -6 weeks. Not all the fuel was taken though the forecast assumed all fuel would be used.

FY2018:

The audited fund balance was \$3,127,505. The monthly forecast for May 2018 projected a fund balance of \$1,589,735, or **\$1,537,770 higher than the prior month’s forecast**. The major reasons for the significant increase in the yearend fund balance from one month to the next month were, as follows:

- **\$96,914:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. We use conservative estimates in the forecasts based on past history.
- **\$21,583:** Special education transportation and tuition expenditures were lower than forecasted. The May forecast included the possible changes to outplacements and hospitalizations that did not occur.
- **\$741,387:** Medical & dental claims were lower than expected. Since we are self-insured, actual claims are not known until the end of the fiscal year. Based on actual claims, we returned these funds to the member towns.
- **\$129,529:** Lower legal expenses, speech therapy and occupational therapy professional services than anticipated.
- **\$25,989:** As part of the yearend processing, unspent encumbrances are eliminated.
- **\$10,299:** Final grant payments for Special Education and Transportation are not known until the end of the fiscal year.

FY2019:

The audited fund balance is \$2,033,027. The monthly forecast for May 2019 projected a fund balance of \$1,502,297 which included \$409,259 designated for security projects. The change is **\$531,804 higher than the prior month’s forecast**. The major reasons for the

significant increase in the yearend fund balance from one month to the next month were, as follows:

- **\$57,653:** Certified and classified salaries were lower than forecasted. It is not until the end of the fiscal year when we know the actual expenditures for coverages, substitutes, leaves of absences, overtime, and pay docks. Many unpaid leaves occur at the end of the school year. We use conservative estimates in the forecasts based on past history.
- **\$137,507:** Medical & dental claims were lower than expected. Since we are self-insured, actual claims are not known until the end of the fiscal year.
- **\$150,147** Purchased services were lower than forecasted. There were fewer interns than budgeted. Less than anticipated need for psychiatric consults and other consultants at PPTs. Less need for printed materials, postage, changes in special education transportation and athletic rentals were less than anticipated.
- **\$82,370:** Fuel costs for busses were less than anticipated. Repairs and maintenance costs for accounts other than facilities were down. Instructional supplies were less than anticipated.

APPENDIX C

RECAP OF 2016-2017

Return Unspent Fund Balance:

The cancellation of 2015-2016 encumbrances of \$25,133 will be returned to the Member Towns. We encumber funds for goods and services received by June 30th but not yet billed. In some cases, the estimated amount encumbered varies from the actual invoice (e.g., utility bill; water bill) and we do not need to spend the entire encumbrance. Once the audit is final for 2016-2017, the funds will be returned.

<i>Bethany</i>	<i>\$ 5,232</i>
<i>Orange</i>	<i>\$ 12,415</i>
<i>Woodbridge</i>	<i>\$ 7,486</i>
<i>Total</i>	<i>\$ 25,133</i>

The audited fund balance for 2016-2017 is \$1,793,498. The source of the available funds are described below.

FINANCIAL MANAGEMENT:

\$ 246,520

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful producing savings of \$55,152. Utilities for electricity, heating oil and natural gas were below budget by \$191,368 due to many conservation efforts and price negotiations.

SPECIAL EDUCATION (NET)

\$ 477,890

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. Any one of these events can have a significant impact, positive or negative, on the District's special education expenditures. The State reimbursement rate fluctuates throughout the year. Expenses were down \$790,238 which reduced revenue by \$477,890. The budget forecasted 70% reimbursement rate and the final rate was 76.9%.

SALARIES, MEDICAL, PURCHASED SERVICES (OTHER):

\$ 756,654

\$230,437 SALARIES (OTHER): "Turnover savings" from replacing teachers and other staff who retired or resigned is over budget and savings from unpaid leaves-of-absence. Athletic salaries were down from unfilled coaching positions at the middle school including cheerleading and several assistant coaching positions. Teacher coverages, summer work costs, substitute costs, degree changes and homebound services were less than anticipated.

\$351,480 MEDICAL (OTHER): The net balance of the medical account was under budget. Claims and fees were lower than budgeted. The savings was offset by other

components of the account including employer contributions to HSA accounts, retiree payments, and employee co-share contributions.

\$113,767 PURCHASED SERVICES (OTHER): Purchased services costs were lower due to a number of factors. There were less interns than anticipated. Fewer home athletic contests at the high school which required fewer officials, monitors, and scorekeepers; and less than anticipated need for psychiatric consults, professional's attendance at PPTs and behavior specialists' services.

The cancellation of 2016-2017 encumbrances of \$86,227 will be returned to the Member Towns. We encumber funds for goods and services received by June 30th but not yet billed. In some cases, the estimated amount encumbered varies from the actual invoice (e.g., utility bill; water bill, pending special education settlements) and we do not need to spend the entire encumbrance. Once the audit is final for 2017-2018, the funds will be returned.

FINANCIAL MANAGEMENT:

\$ 78,987

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful producing savings of \$38,753. Grant money was applied for and awarded to offset the cost of the CEN for savings of \$27,440. The District applied for a grant for displaced students to due hurricanes but received the grant award notice and funds after the fiscal year ended. Restraints of the grant did not allow us to spend it after the fiscal year so it became part of the fund balance.

SPECIAL EDUCATION (NET)

\$ 996,157

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. Any one of these events can have a significant impact, positive or negative, on the District's special education expenditures. The Director of Pupil Services has been successful in establishing suitable programs for students within the District and a number of students have returned from outplacement.

OTHER:

\$342,994 SALARIES (OTHER): "Turnover savings" from replacing teachers and other staff who retired or resigned is over budget and savings from unpaid leaves-of-absence. Athletic salaries were down from unfilled coaching positions at the middle school including cheerleading and several assistant coaching positions. Teacher coverages, summer work costs, substitute costs, degree changes and homebound services were less than anticipated.

\$1,395,839 MEDICAL (OTHER): The net balance of the medical account was under budget. Claims and fees were much lower than budgeted, only costing 72% of expected claims. The savings was offset by other components of the account including employer contributions to HSA accounts, retiree payments, and employee co-share contributions.

\$29,913 FACILITIES (OTHER): The Director of Facilities manages projects and supplies in a very conservative manner. Many projects were completed in-house including tuck-point repair of the field house, concrete sidewalk patches and step repair, and electrical repairs.

\$29,177 STAFF TRAVEL, CONFERENCES AND DUES & FEES: Schedule conflicts precluding some staff from attending conferences, other staff were presenters at conferences and registration fees were waived, and a few less requests from students for contest entries. The appropriate funding level for these accounts will be reviewed in the upcoming budget cycle.

The audited fund balance for 2018-2019 is \$2,033,027 plus \$409,259 designated at year-end for security projects. The source of the available funds are described below.

FINANCIAL MANAGEMENT: **\$ 204,608**

Our efforts to foster a District culture of finding cost savings and efficiencies has been successful in producing savings of \$52,451. Grant money was applied for and awarded to offset the cost of the CEN for savings of \$27,440. \$5,000 less postage used due to digital communications. The District refinanced bonds and saved \$27,738 in interest payments. The District chose leasing 1:1 mobile devices as a more cost effective and technological practice, \$108,493. The device can be kept current for curriculum needs and the District is not responsible for disposals. Computers from the current computer labs at the middle schools provided a source of replacement computers and repair parts avoiding new purchases.

SPECIAL EDUCATION (NET) **\$ 539,798**

These accounts are extremely difficult to forecast. As examples, special need students can be hospitalized; move into the district or leave the district at any time; withdraw from Amity and enroll in Adult Education. Several students who were budgeted to be outplaced were not for a number of reasons. Some transportation needs were coordinated with the elementary districts to reduce the number of singletons on busses for outplacements. Any one of these events can have a significant impact, positive or negative, on the District's special education expenditures. The Director of Pupil Services has been successful in establishing suitable programs for students within the District and a number of students have returned from outplacement.

OTHER: **\$ 1,288,621**

\$346,235 SALARIES (OTHER): "Turnover savings" from replacing teachers and other staff who retired or resigned is over budget and savings from unpaid leaves-of-absence. Athletic salaries were down from unfilled coaching positions at the middle school including cheerleading and several assistant coaching positions. Teacher coverages,

summer work costs, substitute costs, degree changes and homebound services were less than anticipated.

\$387,507 MEDICAL (OTHER): The net balance of the medical account was under budget. Claims and fees were slightly lower than budgeted, \$328,426, costing 92.2% of expected claims. There were some other savings with other components of the account including employer contributions to HSA accounts, retiree payments, and employee co-share contributions.

\$378,012 REVENUE: The Special Education Grant was higher than budgeted by \$224,297 based on actual special education costs and a higher reimbursement rate. The interest earned on the District's accounts was \$100,966 more than budgeted as interest rates were higher than budgeted. These accounts were adjusted for the current budget cycle, 2019-2020.

\$79,974 SUPPLIES: Instructional supplies and transportation fuel were underbudget. The transportation fuel bid price was lower than budgeted and less fuel was used with some routes being reassigned. Mid-year staff changes may have impacted the spending in some instructional supply accounts. These areas were reviewed during the 2019-2020 budget and will be reviewed again during the upcoming budget process.

\$39,009 RENTALS: Athletic rentals were down \$19,552 due to lower ice rentals contract negotiated with new venue and the Town of Orange pool was being upgraded and was not available for part of the year. Another facility was used at lower cost. Special education rental of lease space was lower than anticipated and partially covered by a grant, \$17,400.

\$39,934 STAFF TRAVEL, CONFERENCES AND DUES & FEES: Schedule conflicts precluding some staff from attending conferences, grants funded some conferences, new staff attended fewer conferences and a few less requests from students for contest entries. The appropriate funding level for these accounts will be reviewed in the upcoming budget cycle.

Re: Budget Transfers over \$3,000 - **Fiscal Year 2019-2020**
Date: February 3, 2020

I recommend the Amity Finance Committee and Amity Board of Education approve the following budget transfer request(s):

Finance:

1. Facility Projects:

A bond referendum was held on Wednesday, December 4, 2019 and facilities projects were approved by the voters. The HVAC projects for the high school were bid and awarded to Sav-Mor. Jim Saisa has been working with vanZelm Engineering and Sav-Mor to plan the specifics of the projects. The cost of engineering was included in the total bond costs. Construction administration expenses will begin immediately. Cash flow estimates for the HVAC engineering for this portion of the work is \$9,000. I am requesting we use contingency funds for payments until a borrowing plan is presented.

Re: Food Service Analysis - **Fiscal Year 2019-2020**

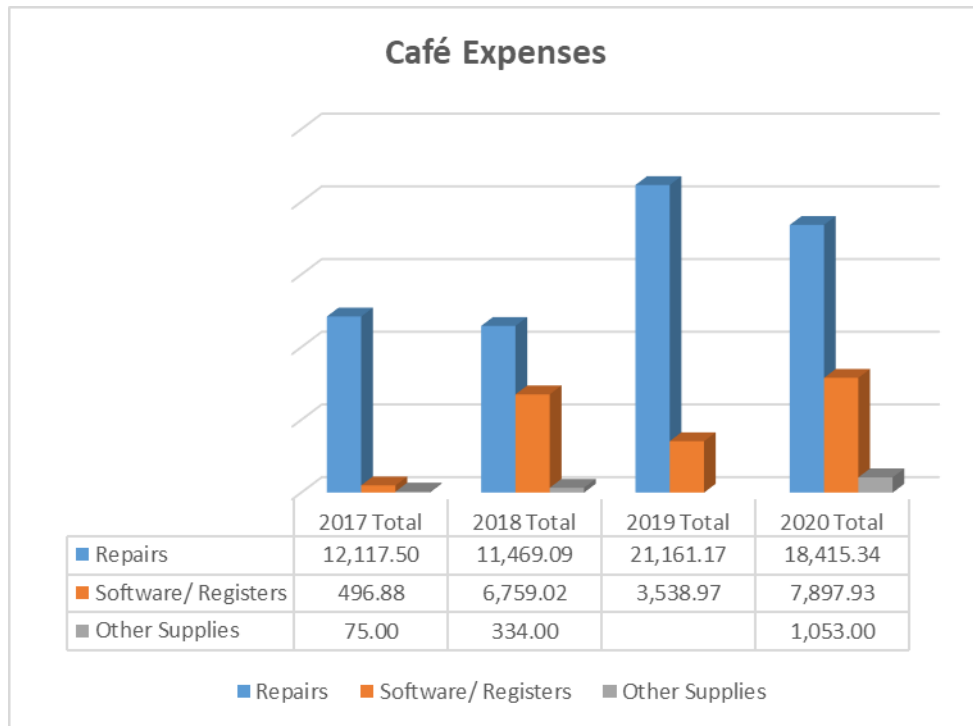

Date: February 27, 2020

In addition to the external review of the Food Service Program, Ms. Kovalik, Assistant Director of Finance & Administration, Mr. Ferrara, Director of Dining Services, and Mr. Fred Valfer, District Manager of Chartwells and I have been reviewing the financial condition of the program over the past few months.

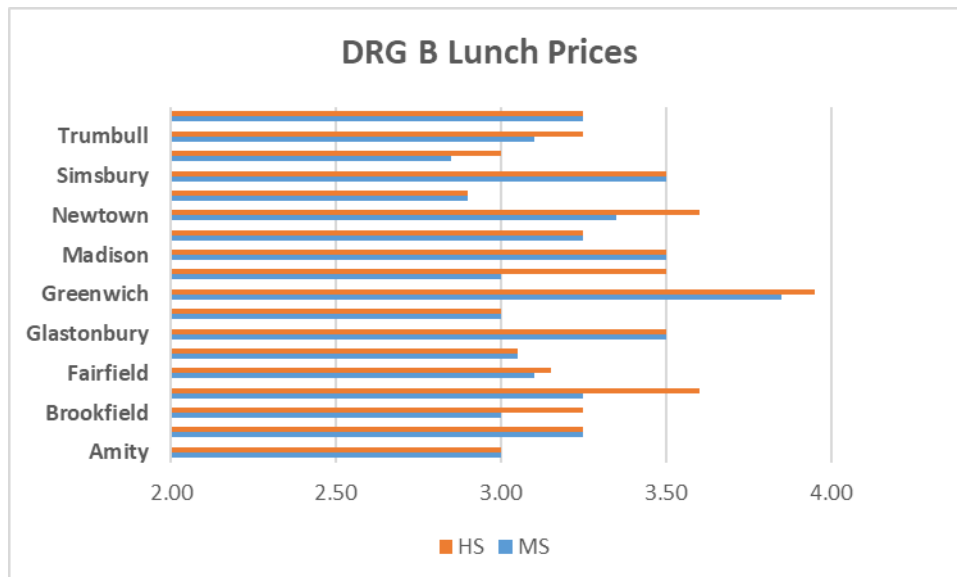

The food service program had been self-supporting for over 15 years and at times generated a modest profit. The general fund has not incurred costs other than small mandated payments. However, there have been several changes in the past couple of years that have depleted the fund balance. Several charts follow to illustrate the details, but in summary the factors are additional repair and maintenance costs as equipment ages, changes in service hours (per administration requests), and State changes to eligibility for free and reduced lunch.

We are continuing our review and preparing a final recommendation for the May or June Board meeting that will include a transfer of funds from the General Fund to the School Lunch Account and a recommendation for increasing prices. The recent price increase was only on adult meals at the middle schools. The State auditor indicated during our five-year review we should expect the Price Equity Formula for 2020-2021 would require a price increase for us to be compliant as well. My current estimate is approximately \$50,000 will be requested to cover the repair and maintenance of our equipment and software licenses. This should cover the anticipated deficit in the current fiscal year, 2019-2020 and the same expenses in next fiscal year. There is currently nothing in the 2020-2021 budget proposal to support the School Lunch Account.

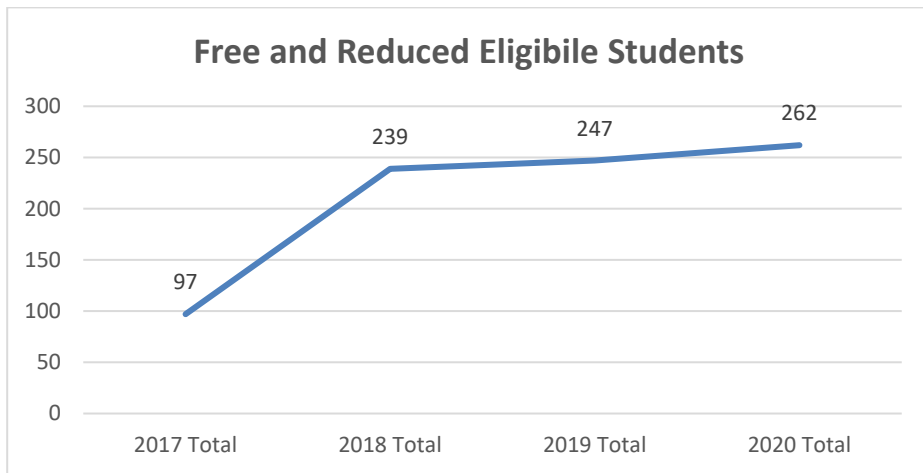

The general maintenance of the equipment including replacements, software costs, and ancillary supplies has increased over the past few years. This is due to aging equipment and ongoing support for software. These costs have traditionally been paid from the School Lunch Account. The General Fund will have to begin funding these expenses.

The price of lunch is low compared with our DRG. We last raised prices across all lunches in 2016. In 2018, we raised just pizza at the middle school and adult at the high school. In fall of 2019, adult meals at the middle school were increased.

The eligibility guidelines changed in March of 2018, significantly increasing the number of students eligible for free or reduced meals. We have tiered pricing and there are no restrictions to which tier meal a student may select. This is standard in schools to avoid overt identification of students' eligibility. Thus, the increased number of students eligible may be a factor in the growing deficit.

Re: State Administrative Review of the School Lunch Program
Date: March 5, 2020

Overview:

One member of the State Department of Education, Bureau of Health/Nutrition, Family Services and Adult Education visited Amity Regional School District No. 5 February 26 through February 28, 2020. The Administrative Review is a process where the State reviews our practices and procedures both in document form and actual service periods. The comprehensive review process is performed in a district every five years.

There were two prerequisite off-site reviews which involved responding to questionnaires and submitting documentation last fall. Additionally an on-line assessment tool which consists of questionnaires about our food service procedures and uploading documentation into the CSDE website was completed in the beginning of January 2020. Service records were reviewed for the month of January 2020. This is followed by a three day in house review which consisted of monitoring the breakfast and lunch operation at the high school and reviewing all the required documentation for the National School Lunch Program. The reviewer shared her findings in an exit interview before leaving the District. We are required to respond to some action items by March 30, 2020 and others by June 15, 2020.

The findings included:

- Posting signage that clearly informs students of what they can select with each breakfast meal and to post signage that clearly indicates the price of chips, snacks and Al-la-carte items.
- To begin using an updated log to track all staff's training.
- To make available to all parents and students a newly created CSDE template for Civil Rights complaints.
- Create a field trip bagged lunch meal procedure that meets the meal pattern requirements.

A separate review of the Wellness Policy and Procedures was conducted with recommendations provided. The wellness review has been forwarded to the Wellness Committee.

Additional comments from the reviewer:

"I found the staff at Amity High School were very welcoming and accommodating. The food service staff had a good rapport with the students and were well trained in the components of the healthy meal pattern requirements. The menu provided a variety of menu options for the students. Overall this was a great review, procedures were well documented and appropriately followed."

Response:

The required action items are in the process of being addressed. The responses will be submitted to the CSDE by the March 30, 2020 and June 15, 2020 deadlines.

Additional comments:

It was a pleasure visiting the Regional School District #5 and it was evident throughout the Administrative Review that the school was well organized and prepared. This was an excellent review of Meal Access which includes: Certification, Benefit Issuance and Verification.

The school reviewed offered a variety of menu items for the students and the meals were well received. The cashiers did an excellent job in identifying reimbursable breakfasts and lunches and had a great rapport with the children. The Foodservice Director and Regional Dietitian did an excellent job in preparing the USDA Menu Worksheets for both the breakfast and lunch programs and the documentation reviewed supported compliance with the meal pattern requirements.

The Connecticut State Department of Education Child Nutrition recommends continue to explore offering breakfast in all three schools. Starting the day with a healthy school breakfast ensures that children have the nutrition they need to learn and thrive. A wide body of research supports the health and educational benefits of participation in the School Breakfast Program.

The Child Nutrition Program (CNP) State Agency reviewer and the sponsor representative must sign and date this report at the exit conference.
