Cisco Softphones

Now you have access to your office extension to make and receive calls using Cisco Jabber app. Follow the this easy steps:

1. Download the *Cisco Jabber app* on your mobile phone
2. Type in your username (first name and last name with no spaces) follow by **@misdtx.org** I.e. FirstNameLastName**@misdtx.org** (First name and last name should be just like you use on your email)
3. A popup window will appear with the message *"Certificate Not valid …. Verify Certificate"* Tap *Accept/Continue*
4. At the login screen with your username pre-entered (first name and last name), type in your password (same password you use for your email/skyward/computer) then tap *SIGN IN*

You are all set!

Notes:

You don't have to sync your contacts.

For Android users, don't sync photos and data when prompted.
