These regulations refer to clothing items that are pictured and described at: www.skillsusastore.org. If you have questions about clothing or other logo items, call 1-888-501-2183.

EQUIPMENT AND MATERIALS

1. Supplied by the contestant:
 - a. Computer with high-speed internet capability and camera to use applications such as Zoom, Teams, etc. The minimum recommended internet bandwidth speeds for joining Zoom meetings, accessing on-demand curriculum and other online operations is 2.0 Mbps up and down. You can test your current internet speeds by following this link: www.speedtest.net. Allow the page to load and click on GO.
 - b. A secondary camera(s) may be required to provide judges with the ability to view contestants from different angles. Additional camera requirements will be located on the SkillsUSA website at <http://updates.skillsusa.org>.
 - c. A contest Proctor will be required to be on-site to assist judges. A local industry expert is preferred to serve as the Proctor and shall not be an individual who has been involved with the training of the contestant(s). The Proctor will serve as the onsite "hands and eyes" for the judges. Proctor will follow instructions from the judges for safety and operations related to the competition. Proctor may be asked by judges to perform several tasks such as operating a portable camera to show specific components or steps, measure parts, or any task that will provide judges with information needed to assist in accurate scoring of the contestant's work or presentation. However, the Proctor shall not serve as a judge nor have any influence on contestant scores.

- d. The contestant's instructor or advisor shall be on-site to observe all competition activities to ensure a safe and healthy competition experience for all participants. That instructor or advisor will not be allowed to interact or interfere with the competitor unless a safety issue arises that requires interaction. Any other support or interaction between the contestant and the instructor/advisor will result in disqualification.
- e. All competitors must create a one-page résumé and submit an electronic copy to the technical committee chair at least seven (7) days in advance of the competition. Failure to do so will result in a 10-point penalty. Instructions for submission of the electronic résumé copy will be provided on the SkillsUSA website at <http://updates.skillsusa.org>.
- f. Disinfectant jar (for implements with disinfection solution)
- g. Technical guidelines for the specific applications required to be performed
- h. Plastic bags for disposal and refuse
- i. One electrical outlet per contestant
- j. Pedicure basin
- k. Safety glasses for contestant and model
- l. White terry towels (no holes or stains allowed)
- m. Disposable towels for the table
- n. Water dispenser (optional)
- o. All items necessary to complete a basic pedicure. **Note:** Implements should be brought to the contest ready to use (i.e., cleaned and disinfected or new). Lotion, masks, scrubs and/or callus removers must be from the same professional manufacturer
- p. Any items necessary for a three- to four-minute mock client consultation on natural nail care services
- q. All items necessary to complete five sculptured acrylic nails. **Note:** Dappen dishes must have covers; monomer, polymer and primer must be from the same manufacturer; two or more of the four basic acrylic colors (pink, white, clear or natural) must be used to complete two-tone/French manicure sculpted nails
- r. All items necessary to complete five nails with a tip and light-cured

enhancement overlay. Can be a hard gel or a hybrid gel/acrylic product.

Note: Gel polish, temporary or no-light gels may not be used

- s. Dark red crème lacquer/polish
- t. All items allowed to complete the flat nail art application: Medium choices: acrylic paints, polishes/lacquers, colored powders (acrylic and dip), gel polish, rhinestones sizes 20ss and under, glitters and dusts, and adhesives, i.e., gel top coats/glue
Note: No pre-prepared items can be used; items are limited to those intended for use on nails. Top coat may be used as a sealer
- u. A written description of the nail art theme. Themes are to be typewritten, submitted electronically and should include pictures and be contained within a plastic sleeve.
- v. A CD with a digital photo of nail art to be created during the contest must be submitted electronically. Photo may include props.

Note: All documents must be submitted no less than seven (7) days in advance of the competitions. Instructions for submission of the electronic résumé copy will be provided on the SkillsUSA website at <http://updates.skillsusa.org>.

- w. Portable kit organizer (to transport all items necessary for the contest)
- x. Manicure table lamp and electrical extension cord (optional)

Note: Check the Contest Guidelines and/or the updates page on the SkillsUSA website at: <http://updates.skillsusa.org>.

- 2. Electric files/drills are not allowed

SCOPE OF THE CONTEST

The contest is defined by industry standards as set by the current industry technical standards. The contest is divided into two parts: a written exam and a series of testing situations designed to assess knowledge in nail care industry standards.

Knowledge Performance

The contest will include a written knowledge exam assessing all aspects of nail care including safety and sanitation, natural nail and foot care, and artificial nails, as well as a written description of nail art theme.

Skill Performance

The contest will include a series of testing situations including oral presentations and technical applications. The areas that will be evaluated are customer service, safety and sanitation, natural nail care, artificial nails, and nail lacquer and art application. Observations during each segment and evaluation of the finished product will be considered in the scoring.

Contest Guidelines

1. All contestants must bring a model for the competition.
2. Contestants are not permitted to touch their models before the competition begins or between segments.
3. Conversation between contestant and model is limited. Communication with observers, judges and other contestants is prohibited during the contest.
4. Disqualification or penalty points taken can occur for the following:
 - a. Any rule not followed, with *no* exceptions
 - b. Leaving competition area before completion of model (applies to both contestant and model) without proper escort
 - c. Unauthorized use of a product that is not allowed or that doesn't appear in the above listing
 - d. Any product that appears to have been altered
5. Contestants should come prepared to do the following:
 - a. A three- to five-minute mock nail care consultation on the benefits of natural nail care. The contestant will address the judges as if they are a new client of theirs in the salon. Props may be used. The consultation should include the following points: (1) Recommended natural nail care services; (2) Results the client should expect; (3) The home care products the client would need to purchase and use to obtain these results.
 - b. A basic pedicure on one foot of their model. Procedures should include, but not be limited to, shaping toenails, pushing back cuticles, cleaning under toenails, refining skin and polishing.
 - c. All five fingers of the model's right hand are to be sculpted with acrylic using forms, no tips, in a two-tone/French-manicure (pink and white) technique. Two or more colors of acrylic may be used.
 - d. All five fingers of the model's left hand are to have nail tips applied and overlaid with a light-cured gel or a light-cured hybrid acrylic/gel. Any type of tip may be used.
 - e. A 50-question, multiple-choice exam on all aspects of nail care.
 - f. Two coats of dark red crème lacquer/polish is to be applied to the model's right hand.
 - g. Flat nail art is to be applied to all five fingers of the model's left hand. A specific theme is to be carried through on all five fingers and in a written description. Contestants must have written and submitted a description of the theme they intend to create and must be submitted no less than seven (7) days in advance of the competitions. Diagrams of the art you intend to create can be used; however, these are limited to the finished product and may not be step-by-step instructions. Judging will be on the overall balance of the use of different mediums and the creative use of the mediums to support the theme, as well as your attention to detail.

Standards and Competencies

Note for Virtual Competitions: Contestants may not be required to perform all the standards and competencies listed in this section. However, contestants should be prepared to perform components in all areas. Prior to the competition, the technical committee may determine which standards and competencies contestants will be perform for the virtual contests. The technical committee will determine if additional information is needed for contestants prior to the competition. Committee Identified Academic Skills

The technical committee has identified that the following academic skills are embedded in this contest.

Math Skills

- Solve practical problems involving percentages.
- Solve problems using proportions, formulas and functions.
- Use basic math skills for the purposes of sales and marketing (addition, subtraction, multiplication, division, percentages).
- Use basic math skills for the purposes of bookkeeping (addition, subtraction).

Science Skills

- Use knowledge of patterns of cellular organization (cells, tissues, organs, systems).
- Classify living organisms as it applies to infection control.
- Describe and recognize elements, compounds, mixtures, acids, bases and salts.
- Describe and recognize solids, liquids and gases.
- Describe characteristics of types of matter based on physical and chemical properties.
- Use knowledge of physical properties (shape, density, solubility, odor, melting point, boiling point, color).
- Describe and demonstrate simple compounds (formulas and the nature of bonding).
- Predict chemical changes to matter (types of reactions, reactants and products; and balanced equations).
- Use knowledge of heat, light and sound energy.

Language Arts Skills

- Demonstrate use of such verbal communication skills as word choice, pitch, feeling, tone and voice.
- Demonstrate use of such nonverbal communication skills as eye contact,

posture and gestures using interviewing techniques to gain information.

- Demonstrate comprehension of a variety of informational texts.
- Understand source, viewpoint and purpose of texts.
- Demonstrate knowledge of appropriate reference materials.
- Use print, electronic databases and online resources to access information in books and articles.
- Edit writing for correct grammar, capitalization, punctuation, spelling, sentence structure and paragraphing.

Connections to National Standards

State-level academic curriculum specialists identified the following connections to national academic standards.

Math Standards

None Identified

Source: NCTM Principles and Standards for School Mathematics. For more information, visit: <http://www.nctm.org>.

Science Standards

- Understands the structure and properties of matter.
- Understands the sources and properties of energy.
- Understands the nature of scientific inquiry.

Language Arts Standards

- Students apply a wide range of strategies to comprehend, interpret, evaluate and appreciate texts. They draw on their prior experience, their interactions with other readers and writers, their knowledge of word meaning and of other texts, their word identification strategies, and their understanding of textual features (e.g., sound-letter correspondence, sentence structure, context, graphics).
- Students adjust their use of spoken, written and visual language (e.g., conventions,

style, vocabulary) to communicate effectively with a variety of audiences and for different purposes.

- Students employ a wide range of strategies as they write and use different writing process elements appropriately to communicate with different audiences for a variety of purposes.
- Students apply knowledge of language structure, language conventions (e.g., spelling and punctuation), media techniques, figurative language and genre to create, critique and discuss print and nonprint texts.
- Students use spoken, written and visual language to accomplish their own purposes (e.g., for learning, enjoyment, persuasion, and the exchange of information).
