Nutcracker Mixed-media Drawing

Art Elements: Geometric shape, value, space
Art Ideas: Guided drawing, perspective with overlap, "medium"-what you use to create your art with. Crayons and markers make this a "mixed-media" project.

YOU WILL NEED THE FOLLOWING SUPPLIES:

- 2 pieces white 8.5x11 copy paper
- pencil + eraser
- crayons (pull out the "peach" color for the face & hands)
- black marker or sharpie
- colored markers
- scissors
- Larger paper or newspaper to protect desk/table

- **RECTANGLE TRACER (FOR BODY OF NUTCRACKER)**

See below to cut out the tracer. If you cannot print, the video will show you how to fold and cut out a portion of the paper to become the tracing guide for the body.

SET-UP DETAILS

- Table height where artist can change position from sitting to standing while creating
- Larger piece of paper underneath to protect desk/table if color over edges of paper
- If artist is right-handed, all supplies positioned to the right of the papers, if left-handed please switch all supplies to the right hand side.

See the document "K-2-NutcrackerInstructions2" for important instructions!

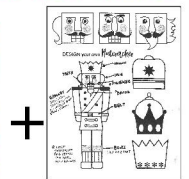

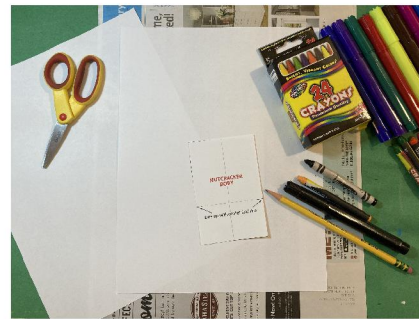

This document outlines important parts of the Nutcracker, includes some steps on how to alter the art to draw a female nutcracker with colored sample included and details when coloring the background.

CUT OUT FIRST BEFORE BEGINNING THE LESSON!!!

If you print and cut out this body template ahead of time, then **SKIP** the folding & cutting body template portion of the video!
