Authorization for Release of Protected Health Information

Information About the Disclosure

I authorize disclosure of my health information as described below. *I understand that this authorization is voluntary and that I may cancel it at any time by writing to the person or business providing the information.*

- The health information regarding my COVID-19 test results and related health information will be disclosed by: Wheeler Labs, LLC, a clinical laboratory performing COVID-19 testing.
- The persons entitled to receive the information are personnel of Avon Old Farms School and its related entities (the "School"). The information to be disclosed is health information that relates to the School's attempts to safeguard its premises from the spread of COVID-19.
- The information will be disclosed during the period beginning with the date of this authorization and ending on the later of the date (i) upon which the School discontinues COVID-19 testing or (ii) if the contract between the School and Wheeler Labs, LLC, is terminated for any reason.
- The information is being disclosed so the School can determine whether the undersigned has contracted COVID-19. Only health information which is necessary to make this determination will be disclosed.
- This authorization is being requested by Wheeler Labs, LLC. Wheeler Labs, LLC, will not receive payments or other things of value in exchange for disclosing the health information.

Important Information About My Rights

I understand that by voluntarily signing this authorization:

- I have the right to revoke this authorization at any time. The revocation must be made in writing to Wheeler Labs, LLC, at support@wheeler-labs.com and will not affect information that has already been used or disclosed.
- I may inspect or obtain a copy of the information to be used or disclosed, as provided in 45 CFR 164.524. I understand that the information that is used or disclosed pursuant to this authorization may be re-disclosed by the School or School personnel. I further understand that once this information is given to the School or School's personnel, it will likely no longer be subject to protection under federal privacy regulations.
- I understand that I am not required to sign this form to receive treatment, health care benefits, to be eligible for these benefits, or to receive payment for my benefits.

I have read the above foregoing Authorization for Release of Protected Health Information and do hereby acknowledge that I am familiar with and fully understand the terms and conditions of this authorization.

FREQUENTLY ASKED QUESTIONS

Who are we?

Wheeler Labs, LLC is a diagnostics testing lab established in 2020 and located in Oklahoma City, OK.

What are Wheeler's qualifications to perform COVID-19 testing?

Our state-of-the-art laboratory is CLIA-certified. Our RT-qPCR test has been granted an Emergency Use Authorization (EUA) from the FDA. Our leadership staff has more than 60 years' experience working in FDA-regulated industries related to healthcare.

This home collection kit itself has also been granted EUA by the FDA for at-home, non-supervised collection of saliva to detect nucleic acid from SARS-CoV-2. It has not been approved to detect any other viruses or pathogens.

What is the accuracy of the test?

The sensitivity is 97.1%, which means we identify an infected person 97.1% of the time. The specificity is 98.2%, which means we will accurately tell an uninfected person they are negative 98.2% of the time. We will report a false positive result 1.8% of the time.

This test is more accurate than the antigen tests, which report incorrect negative results as much as 50% of the time.

What is the turnaround time?

We guarantee results within 72 hour of receipt at our lab. Most results are reported within 24 hours.

How do I get my results?

We will email you the results. If you turn in the consent form with your sample, we will also notify the school. If you forget to include the form with your sample, you'll need to email your results directly to the school. If you don't see your results when expected, check your spam folder or reach out to us at support@wheeler-labs.com.

How Does It Work?

Step 1
Order your test kit.

Step 2
Your test will be shipped directly to your home.

Step 3
Complete a medical questionnaire.

Step 4
Read and sign this consent form that and include it in your kit.

Step 5
Follow the instructions to complete the test.

Step 6
Place the sample inside the provided package and return.

Step 7
Receive your results within 72 hours. Results will be sent to the school and the parent.
