## Purpose and Description

Briefly describe the purpose of this plan (Select from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

Schoolwide Program

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

The purpose of this plan is to align district and school goals. The school will use its resources to better meet the stated goals.

# Comprehensive Needs Assessment Components

## Data Analysis

Please refer to the School and Student Performance Data section where an analysis is provided.

## Surveys

This section provides a description of surveys (i.e., Student, Parent, Teacher) used during the school-year, and a summary of results from the survey(s).

The staff is surveyed annually in regards to their professional learning and teaching practices.

Adelante II surveys our parents, students, and staff on a yearly basis to provide feedback regarding the school's culture. Based on last year's data, our stakeholders identified the need to focus on school safety. The school made some necessary changes. For example, there is morning supervision for students, parking lot monitors, door locks have been changed and we continue to practice safety routines and procedures regularly.

## Classroom Observations

This section provides a description of types and frequency of classroom observations conducted during the school-year and a summary of findings.

During the school year, the school principal conducts weekly/biweekly classroom observations focused on dual language classroom instruction and creating welcoming environments. Feedback is provided to teachers in the form of reflective questions and next steps. During the school year, the emphasis was placed on guided reading to support our target language instruction. In addition, we also focused on developing welcoming environments in which students and families feel welcomed and supported.

## Analysis of Current Instructional Program

The following statements are derived from the Elementary and Secondary Education Act (ESEA) of 1965 and Essential Program Components (EPCs). In conjunction with the needs assessments, these categories may be used to discuss and develop critical findings that characterize current instructional practice for numerically significant subgroups as well as individual students who are:

- Not meeting performance goals
- Meeting performance goals
- Exceeding performance goals

Discussion of each of these statements should result in succinct and focused findings based on verifiable facts. Avoid vague or general descriptions. Each successive school plan should examine the status of these findings and note progress made. Special consideration should be given to any practices, policies, or procedures found to be noncompliant through ongoing monitoring of categorical programs.

## Standards, Assessment, and Accountability

Use of state and local assessments to modify instruction and improve student achievement (ESEA)

Adelante II Dual Language Academy utilizes a variety of assessments to identify students' needs in order to maximize students' achievement in English and Spanish. Teachers routinely have opportunities to analyze data and make action plans to support the needs that have been identified.

Some of the ongoing assessments used at Adelante II to modify instruction and improve student achievement are:

- \* i Ready Benchmark Assessments
- \* Benchmark Advance Level Screener
- \* Envision Unit Exams

For the 2019-2020 school year, we intend to also use the SBAC interim assessments.

Use of data to monitor student progress on curriculum-embedded assessments and modify instruction (EPC)

Adelante II has adopted a data-driven cycle of inquiry approach that impacts the way we make decisions about our school budget, curriculum, instruction, assessments, intervention supports. We ensure that the teachers have data readily available on Illuminate so that teachers may regularly access it in order to engage in the cycles of inquiry and support students in the areas of need. Based on the data, the teachers rearrange their differentiation strategies and small group instruction to offer more targeted supports for students.

## Staffing and Professional Development

Status of meeting requirements for highly qualified staff (ESEA)

The teachers at Adelante II are working on, or have met, all of the requirements for highly qualified staff. This includes holding a BCLAD teaching credential, or working towards obtaining their BCLAD credential in order to support our dual language program.

Sufficiency of credentialed teachers and teacher professional development (e.g., access to instructional materials training on SBE-adopted instructional materials) (EPC)

Throughout the year, Adelante II teachers have access to many professional development opportunities. This includes professional development opportunities in the areas of dual immersion pedagogy, balanced literacy instruction, supporting both English and Spanish learners, and other trainings regarding the use of technology in the classrooms.

Alignment of staff development to content standards, assessed student performance, and professional needs (ESEA)

The Instructional Leadership Team (ILT) at Adelante II has worked to identifying a problem of practice and create a Theory of Change that captures the students goals of the school and then identified the key instructional practices that need to be in place to meet these goals. The instructional Leadership team meets monthly to monitor the school's success in implementing the theory of change and continues to modify the professional learning plan to adjust for the site's needs. The ILT determines areas of support that teachers will need to effectively achieve these goals and implement the school's instructional focus.

Ongoing instructional assistance and support for teachers (e.g., use of content experts and instructional coaches) (EPC)

Adelante II teachers receive district coaching support so that they are familiar with the Common Core Standards and knowledgeable on how to effectively implement the curriculum according to the standards. Teachers participate in coaching cycles provided by district coaches who help Adelante II teachers through modeled lessons, lesson observations, and constructive feedback.

In addition, Adelante II teachers have the option to receive coaching support from the principal. The principal at Adelante II ensures that each teacher is formally and informally observed and receives positive and constructive feedback.

Teacher collaboration by grade level (kindergarten through grade eight [K–8]) and department (grades nine through twelve) (EPC)

Teachers collaborate regularly. Every Thursday is a minimum day. During this time, teachers can meet for grade-level planning and collaboration meetings. In addition to the Thursday meetings, teachers are released from their teaching duties twice per year for grade-level planning time.

Also, there is one staff meeting per month dedicated to grade-level collaboration and planning.

## Teaching and Learning

Alignment of curriculum, instruction, and materials to content and performance standards (ESEA)

Adelante II has aligned curriculum, instruction, and materials to content and performance standards through the following practices:

- \* All textbooks and supplemental materials align to the CCSS standards.
- \* Program evaluation focus on student mastery of standards-based content.
- \* All professional development offerings for staff are aligned to Common Core standards

Adherence to recommended instructional minutes for reading/language arts and mathematics (K–8) (EPC)

Adelante II adheres to all expectations regarding the recommended instructional minutes for reading/language arts and mathematics in conjunction with our 90/10 dual language model.

Lesson pacing schedule (K–8) and master schedule flexibility for sufficient numbers of intervention courses (EPC)

The district has provided curriculum maps to help guide instruction for language arts and mathematics. Accurate pacing is monitored by the school principal. Each program has a set of components for differentiated instruction for students who need intervention.

Availability of standards-based instructional materials appropriate to all student groups (ESEA)

Adelante II ensures the availability of standards-based instructional materials for all students through the following practices:

- \* Consumables are provided to implement standards-based instructional programs.
- \* Staff professional development is provided for effective research-based practices.
- \* Staff development is provided in the use of standards-aligned materials.
- \* Standards-based assessments are utilized at the school site.

Use of SBE-adopted and standards-aligned instructional materials, including intervention materials, and for high school students, access to standards-aligned core courses (EPC)

Benchmark Advance/Adelante is used for our Reading in Spanish and English curriculum while Envision Math is used for our core math curriculum. Every student has access to these materials and resources on a daily basis. Teachers have been trained in these programs and receive support from the district to implement this curriculum. Most curricular materials used during intervention is pulled from Benchmark Advance/Adelante and Envision Math resources. Any supplemental materials that are used are carefully chose to meet the grade level state standards.

## Opportunity and Equal Educational Access

Services provided by the regular program that enable underperforming students to meet standards (ESEA)

Adelante II provides the following regular services to enable under-performing students to meet standards:

- \* Teachers identify at risk or low performing students and provide in class and after-school interventions.
- \* Adelante II invests in the implementation of YMCA after-school program, which includes at least one hour of homework help, and reading support.
- \* We have ongoing training for teachers in differentiated instruction practices in the areas of reading and math.
- \* Teachers attend curriculum workshops provided by the District Offices.

Evidence-based educational practices to raise student achievement

Adelante II uses a wide variety of research-based educational practices to raise student achievement.

- \* Teachers make their lesson objectives clear by stating them and writing them on the board.
- \* Teachers monitor progress and provide positive corrective feedback.
- \* Teachers use non-linguistic representation such as graphic organizers.
- \* Teacher collaboration of student data is used regularly and systematically to improve instruction.
- \* Teachers regularly differentiate instruction to meet students' needs.
- \* Teachers collaborate with the principal during schedule one-on-one meetings to monitor student progress and achievement.

## Parental Engagement

Resources available from family, school, district, and community to assist under-achieving students (ESEA)

Adelante II uses the following resources to assist low performing students:

- \* Students Study Team (SST) to address the academic and behavioral needs of students.
- \* Weekly Newsletters to keep parents updated about resources and opportunities available to them through the school and outside the community.
- \* Community agencies provide counseling and family support to students and parents.
- \* Monthly coffee with the principal meetings to allow parents to ask questions or share concerns with their site administrator in an informal setting.
- \* Monthly ELAC meetings to provide parents with ideas and tools to support students with their English skills.
- \* YMCA provides after school support and enrichment opportunities to our students.

Involvement of parents, community representatives, classroom teachers, other school personnel, and students in secondary schools, in the planning, implementation, and evaluation of ConApp programs (5 California Code of Regulations 3932)

The School Site Council, the English Learner Advisory Committee, and the Instructional Leadership Team are involved in all major decisions at Adelante II regarding budget and programs.

### Funding

Services provided by categorical funds that enable underperforming students to meet standards (ESEA)

Adelante II provides the following categorical programs to enable under-performing students to meet the standards:

- \* Little Heroes program that provides after school tutoring and mentoring program.
- \* Accelerated Reader program which is used to motivate students to read and promote reading fluency and comprehension.

Fiscal support (EPC)

Adelante II relies on several funding sources: categorical, unrestricted, and donations. Categorical funding comes from Title I and Title III. Unrestricted funding comes from lottery and regular education. Donations come from funds raised through parent leader groups, local business and parents. LCAP funds are also used to enhance, improve programs and services at our school.

## Stakeholder Involvement

How, when, and with whom did the school consult as part of the planning process for this SPSA/Annual Review and Update?

### **Involvement Process for the SPSA and Annual Review and Update**

All stakeholders are part of the decision-making process at Adelante II. This includes the School Site Council, English Language Advisory Committee, Parent Teacher Association, staff members, and Instructional Leadership Team. All stakeholders are involved in the development of the school plan and in providing feedback regarding the budget through our LCAP forums and School Site Council meetings. Stakeholders are encouraged to be part of the team which creates, reviews, and approves the school plan.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

Adelante II offers after school interventions. Student participation during these interventions is low due to several factors:

- Parents do not have transportation to pick their child up
- Parents do not have the time to pick their child due to their work schedule

- No other adult is available to pick up the child from school

## Annual Review

### SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Adelante II will utilize local assessments provided by the district which are aligned with the Common Core State Standards. The school will also use teacher-created assessments to monitor student growth in language arts and mathematics.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

A major difference between the intended implementation and the budgeted expenditures was that the allocation for grade level collaboration were not used due to the lack of substitutes.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

The changes were made at the beginning of the year and reviewed with the SSC prior to the approval date.

# Annual Review

## SPSA Year Reviewed: 2019-20

Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal, an analysis is not required and this section may be deleted.

## ANALYSIS

Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.

Adelante II will utilize local assessments provided by the district which are aligned with the Common Core State Standards. The school will also use teacher-created assessments to monitor students' English language development.

Briefly describe any major differences between the intended implementation and/or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.

A major difference between the implementation and the budgeted expenditures was that the allocated funds for grade level collaboration were not used due to the lack of substitutes. Parent university was not rescheduled due to COVID19.

Describe any changes that will be made to this goal, the annual outcomes, metrics, or strategies/activities to achieve this goal as a result of this analysis. Identify where those changes can be found in the SPSA.

Grade level collaboration will take place during staff meetings for articulation and "norming" around best practices.

# Instructions

The School Plan for Student Achievement (SPSA) is a strategic plan that maximizes the resources available to the school while minimizing duplication of effort with the ultimate goal of increasing student achievement. SPSA development should be aligned with and inform the Local Control and Accountability Plan process.

The SPSA consolidates all school-level planning efforts into one plan for programs funded through the consolidated application (ConApp), and for federal school improvement programs, including schoolwide programs, Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), and Additional Targeted Support and Improvement (ATSI), pursuant to California Education Code (EC) Section 64001 and the Elementary and Secondary Education Act as amended by the Every Student Succeeds Act (ESSA). This template is designed to meet schoolwide program planning requirements. It also notes how to meet CSI, TSI, or ATSI requirements, as applicable.

California's ESSA State Plan supports the state's approach to improving student group performance through the utilization of federal resources. Schools use the SPSA to document their approach to maximizing the impact of federal investments in support of underserved students. The implementation of ESSA in California presents an opportunity for schools to innovate with their federally-funded programs and align them with the priority goals of the school and the LEA that are being realized under the state's Local Control Funding Formula (LCFF).

The LCFF provides schools and LEAs flexibility to design programs and provide services that meet the needs of students in order to achieve readiness for college, career, and lifelong learning. The SPSA planning process supports continuous cycles of action, reflection, and improvement. Consistent with EC 65001, the Schoolsite Council (SSC) is required to develop and annually review the SPSA, establish an annual budget, and make modifications to the plan that reflect changing needs and priorities, as applicable.

For questions related to specific sections of the template, please see instructions below:

## Instructions: Linked Table of Contents

## Purpose and Description

Schools identified for Comprehensive Support and Improvement (CSI), Targeted Support and Improvement (TSI), or Additional Targeted Support and Improvement (ATSI) must respond to the following prompts. A school that has not been identified for CSI, TSI, or ATSI may delete the Purpose and Description prompts.

### Purpose

Briefly describe the purpose of this plan by selecting from Schoolwide Program, Comprehensive Support and Improvement, Targeted Support and Improvement, or Additional Targeted Support and Improvement)

### Description

Briefly describe the school's plan for effectively meeting ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

## Stakeholder Involvement

Meaningful involvement of parents, students, and other stakeholders is critical to the development of the SPSA and the budget process. Schools must share the SPSA with school site-level advisory groups, as applicable (e.g., English Learner Advisory committee, student advisory groups, tribes and tribal organizations present in the community, as appropriate, etc.) and seek input from these advisory groups in the development of the SPSA.

The Stakeholder Engagement process is an ongoing, annual process. Describe the process used to involve advisory committees, parents, students, school faculty and staff, and the community in the development of the SPSA and the annual review and update.

*[This section meets the requirements for TSI and ATSI.]*

*[When completing this section for CSI, the LEA shall partner with the school in the development and implementation of this plan.]*

## Resource Inequities

Schools eligible for CSI or ATSI must identify resource inequities, which may include a review of LEA- and school-level budgeting as a part of the required needs assessment. Identified resource inequities must be addressed through implementation of the CSI or ATSI plan. Briefly identify and describe any resource inequities identified as a result of the required needs assessment and summarize how the identified resource inequities are addressed in the SPSA.

*[This section meets the requirements for CSI and ATSI. If the school is not identified for CSI or ATSI this section is not applicable and may be deleted.]*

# Goals, Strategies, Expenditures, & Annual Review

In this section a school provides a description of the annual goals to be achieved by the school. This section also includes descriptions of the specific planned strategies/activities a school will take to meet the identified goals, and a description of the expenditures required to implement the specific strategies and activities.

## Goal

State the goal. A goal is a broad statement that describes the desired result to which all strategies/activities are directed. A goal answers the question: What is the school seeking to achieve?

It can be helpful to use a framework for writing goals such as the S.M.A.R.T. approach. A S.M.A.R.T. goal is one that is **S**pecific, **M**easurable, **A**chievable, **R**ealistic, and **T**ime-bound. A level of specificity is needed in order to measure performance relative to the goal as well as to assess whether it is reasonably achievable. Including time constraints, such as milestone dates, ensures a realistic approach that supports student success.

A school may number the goals using the “Goal #” for ease of reference.

*[When completing this section for CSI, TSI, and ATSI, improvement goals shall align to the goals, actions, and services in the LEA LCAP.]*

## Identified Need

Describe the basis for establishing the goal. The goal should be based upon an analysis of verifiable state data, including local and state indicator data from the California School Dashboard (Dashboard) and data from the School Accountability Report Card, including local data voluntarily collected by districts to measure pupil achievement.

*[Completing this section fully addresses all relevant federal planning requirements]*

## Annual Measurable Outcomes

Identify the metric(s) and/or state indicator(s) that the school will use as a means of evaluating progress toward accomplishing the goal. A school may identify metrics for specific student groups. Include in the baseline column the most recent data associated with the metric or indicator available at the time of adoption of the SPSA. The most recent data associated with a metric or indicator includes data reported in the annual update of the SPSA. In the subsequent Expected Outcome column, identify the progress the school intends to make in the coming year.

*[When completing this section for CSI the school must include school-level metrics related to the metrics that led to the school’s identification.]*

*[When completing this section for TSI/ATSI the school must include metrics related to the specific student group(s) that led to the school’s identification.]*

## Strategies/Activities

Describe the strategies and activities being provided to meet the described goal. A school may number the strategy/activity using the “Strategy/Activity #” for ease of reference.

Planned strategies/activities address the findings of the needs assessment consistent with state priorities and resource inequities, which may have been identified through a review of the local educational agency's budgeting, its local control and accountability plan, and school-level budgeting, if applicable.

*[When completing this section for CSI, TSI, and ATSI, this plan shall include evidence-based interventions and align to the goals, actions, and services in the LEA LCAP.]*

*[When completing this section for CSI and ATSI, this plan shall address through implementation, identified resource inequities, which may have been identified through a review of LEA- and school-level budgeting.]*

## **Students to be Served by this Strategy/Activity**

Indicate in this box which students will benefit from the strategies/activities by indicating "All Students" or listing one or more specific student group(s) to be served.

*[This section meets the requirements for CSI.]*

*[When completing this section for TSI and ATSI, at a minimum, the student groups to be served shall include the student groups that are consistently underperforming, for which the school received the TSI or ATSI designation. For TSI, a school may focus on all students or the student group(s) that led to identification based on the evidence-based interventions selected.]*

## **Proposed Expenditures for this Strategy/Activity**

For each strategy/activity, list the amount(s) and funding source(s) for the proposed expenditures for the school year to implement these strategies/activities. Specify the funding source(s) using one or more of the following: LCFF, Federal (if Federal, identify the Title and Part, as applicable), Other State, and/or Local.

Proposed expenditures that are included more than once in a SPSA should be indicated as a duplicated expenditure and include a reference to the goal and strategy/activity where the expenditure first appears in the SPSA. Pursuant to Education Code, Section 64001(g)(3)(C), proposed expenditures, based on the projected resource allocation from the governing board or governing body of the LEA, to address the findings of the needs assessment consistent with the state priorities including identifying resource inequities which may include a review of the LEA's budgeting, its LCAP, and school-level budgeting, if applicable.

*[This section meets the requirements for CSI, TSI, and ATSI.]*

*[NOTE: Federal funds for CSI shall not be used in schools identified for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

## **Annual Review**

In the following Analysis prompts, identify any material differences between what was planned and what actually occurred as well as significant changes in strategies/activities and/ or expenditures from the prior year. This annual review and analysis should be the basis for decision-making and updates to the plan.

## Analysis

Using actual outcome data, including state indicator data from the Dashboard, analyze whether the planned strategies/activities were effective in achieving the goal. Respond to the prompts as instructed. Respond to the following prompts relative to this goal. If the school is in the first year of implementing the goal the Annual Review section is not required and this section may be deleted.

- Describe the overall implementation of the strategies/activities and the overall effectiveness of the strategies/activities to achieve the articulated goal.
- Briefly describe any major differences between either/or the intended implementation or the budgeted expenditures to implement the strategies/activities to meet the articulated goal.
- Describe any changes that will be made to the goal, expected annual measurable outcomes, metrics/indicators, or strategies/activities to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard, as applicable. Identify where those changes can be found in the SPSA.

*[When completing this section for CSI, TSI, or ATSI, any changes made to the goals, annual measurable outcomes, metrics/indicators, or strategies/activities, shall meet the CSI, TSI, or ATSI planning requirements. CSI, TSI, and ATSI planning requirements are listed under each section of the Instructions. For example, as a result of the Annual Review and Update, if changes are made to a goal(s), see the Goal section for CSI, TSI, and ATSI planning requirements.]*

## Budget Summary

In this section a school provides a brief summary of the funding allocated to the school through the ConApp and/or other funding sources as well as the total amount of funds for proposed expenditures described in the SPSA. The Budget Summary is required for schools funded through the ConApp and that receive federal funds for CSI. If the school is not operating a Title I schoolwide program this section is not applicable and may be deleted.

*From its total allocation for CSI, the LEA may distribute funds across its schools that meet the criteria for CSI to support implementation of this plan. In addition, the LEA may retain a portion of its total allocation to support LEA-level expenditures that are directly related to serving schools eligible for CSI.*

## Budget Summary

A school receiving funds allocated through the ConApp should complete the Budget Summary as follows:

- **Total Funds Provided to the School Through the Consolidated Application:** This amount is the total amount of funding provided to the school through the ConApp for the school year. The school year means the fiscal year for which a SPSA is adopted or updated.
- **Total Funds Budgeted for Strategies to Meet the Goals in the SPSA:** This amount is the total of the proposed expenditures from all sources of funds associated with the strategies/activities reflected in the SPSA. To the extent strategies/activities and/or proposed expenditures are listed in the SPSA under more than one goal, the expenditures should be counted only once.

A school receiving federal funds for CSI should complete the Budget Summary as follows:

- Total Federal Funds Provided to the School from the LEA for CSI: This amount is the total amount of funding provided to the school from the LEA.

*[NOTE: Federal funds for CSI shall not be used in schools eligible for TSI or ATSI. In addition, funds for CSI shall not be used to hire additional permanent staff.]*

# Appendix A: Plan Requirements

## Schoolwide Program Requirements

This School Plan for Student Achievement (SPSA) template meets the requirements of a schoolwide program plan. The requirements below are for planning reference.

A school that operates a schoolwide program and receives funds allocated through the ConApp is required to develop a SPSA. The SPSA, including proposed expenditures of funds allocated to the school through the ConApp, must be reviewed annually and updated by the SSC. The content of a SPSA must be aligned with school goals for improving student achievement.

### Requirements for Development of the Plan

- I. The development of the SPSA shall include both of the following actions:
  - A. Administration of a comprehensive needs assessment that forms the basis of the school's goals contained in the SPSA.
    1. The comprehensive needs assessment of the entire school shall:
      - a. Include an analysis of verifiable state data, consistent with all state priorities as noted in Sections 52060 and 52066, and informed by all indicators described in Section 1111(c)(4)(B) of the federal Every Student Succeeds Act, including pupil performance against state-determined long-term goals. The school may include data voluntarily developed by districts to measure pupil outcomes (described in the Identified Need); and
      - b. Be based on academic achievement information about all students in the school, including all groups under §200.13(b)(7) and migratory children as defined in section 1309(2) of the ESEA, relative to the State's academic standards under §200.1 to—
        - i. Help the school understand the subjects and skills for which teaching and learning need to be improved; and
        - ii. Identify the specific academic needs of students and groups of students who are not yet achieving the State's academic standards; and
        - iii. Assess the needs of the school relative to each of the components of the schoolwide program under §200.28.
        - iv. Develop the comprehensive needs assessment with the participation of individuals who will carry out the schoolwide program plan.
        - v. Document how it conducted the needs assessment, the results it obtained, and the conclusions it drew from those results.
  - B. Identification of the process for evaluating and monitoring the implementation of the SPSA and progress towards accomplishing the goals set forth in the SPSA (described in the Expected Annual Measurable Outcomes and Annual Review and Update).

### Requirements for the Plan

## Plan Requirements for School to Meet Federal School Improvement Planning Requirements

For questions or technical assistance related to meeting Federal School Improvement Planning Requirements, please contact the CDE's School Improvement and Support Office at [SISO@cde.ca.gov](mailto:SISO@cde.ca.gov).

### Comprehensive Support and Improvement

The LEA shall partner with stakeholders (including principals and other school leaders, teachers, and parents) to locally develop and implement the CSI plan for the school to improve student outcomes, and specifically address the metrics that led to eligibility for CSI (Stakeholder Involvement).

The CSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable);
2. Include evidence-based interventions (Strategies/Activities, Annual Review and Update, as applicable) (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" at <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>);
3. Be based on a school-level needs assessment (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
4. Identify resource inequities, which may include a review of LEA- and school-level budgeting, to be addressed through implementation of the CSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities; and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(A), 1003(i), 1111(c)(4)(B), and 1111(d)(1) of the ESSA.

### Targeted Support and Improvement

In partnership with stakeholders (including principals and other school leaders, teachers, and parents) the school shall develop and implement a school-level TSI plan to improve student outcomes for each subgroup of students that was the subject of identification (Stakeholder Involvement).

The TSI plan shall:

1. Be informed by all state indicators, including student performance against state-determined long-term goals (Goal, Identified Need, Expected Annual Measurable Outcomes, Annual Review and Update, as applicable); and
2. Include evidence-based interventions (Planned Strategies/Activities, Annual Review and Update, as applicable). (For resources related to evidence-based interventions, see the U.S. Department of Education's "Using Evidence to Strengthen Education Investments" <https://www2.ed.gov/policy/elsec/leg/essa/guidanceusesinvestment.pdf>.)

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B) and 1111(d)(2) of the ESSA.

## **Additional Targeted Support and Improvement**

A school identified for ATSI shall:

1. Identify resource inequities, which may include a review of LEA- and school-level budgeting, which will be addressed through implementation of its TSI plan (Goal, Identified Need, Expected Annual Measurable Outcomes, Planned Strategies/Activities, and Annual Review and Update, as applicable).

Authority Cited: Sections 1003(e)(1)(B), 1003(i), 1111(c)(4)(B), and 1111(d)(2)(c) of the ESSA.

## **Single School Districts and Charter Schools Identified for School Improvement**

Single school districts (SSDs) or charter schools that are identified for CSI, TSI, or ATSI, shall develop a SPSA that addresses the applicable requirements above as a condition of receiving funds (EC Section 64001[a] as amended by Assembly Bill [AB] 716, effective January 1, 2019).

However, a SSD or a charter school may streamline the process by combining state and federal requirements into one document which may include the local control and accountability plan (LCAP) and all federal planning requirements, provided that the combined plan is able to demonstrate that the legal requirements for each of the plans is met (EC Section 52062[a] as amended by AB 716, effective January 1, 2019).

Planning requirements for single school districts and charter schools choosing to exercise this option are available in the LCAP Instructions.

Authority Cited: EC sections 52062(a) and 64001(a), both as amended by AB 716, effective January 1, 2019.
