

Junipero Serra High School
 Phased Reopening Framework
 (revised 12-18-20)

Addendum 1

- ❑ Entrance, Egress, and Movement Within the School: How movement of students, staff and parents will be managed to avoid close contact and/or mixing of cohorts.

In order to avoid close contact and mixing of cohorts, we will institute a Hybrid Schedule as indicated below (table 1). Classes would return to instruction five days a week. One cohort would be on campus for in-person instruction, while the other cohort remained in distance learning. The *Padre Blue* group of students will be on campus for in-person hybrid learning during week one and virtually week two. The *Padre Gold* group of students will be on campus for in-person hybrid learning during week two and will attend virtual classes on week one. Classes would end at 12:30 on Monday, Tuesday, Thursday and Friday with an 11 am dismissal on Wednesday. This schedule eliminates crossover between the blue and cohorts. The schedule also eliminates the lunch period to reduce challenges associated with providing suitable space during inclement weather.

*Students who are off campus should be prepared to participate in virtual activities such as junior College Advising Seminars, club meetings, counseling meetings, Padre Core Day activities, Mission and Brotherhood Advisories and/or other class activities. Once allowed by the county, these activities will move to campus as in-person activities.

In a four-day school week, Serra will implement the blue/gold cohort during the same week, as indicated table 3 below.

Addendum 2

- Physical Distancing: How space and routines will be arranged to allow for physical distancing of students and staff. Describe the steps the school will take to transition students back to campus.

Beginning January 11, Serra’s phased approach to returning students to on-campus learning will be divided into two-week increments for the upper division and lower division students in separate phases. When one division is in hybrid learning, the other division continues in distance learning. Beginning the week of February 8, all blue cohort students will begin in-person hybrid classes while all gold cohort students will remain in distance learning. Beginning the week of February 15, all gold cohort students will begin in-person hybrid classes while all blue cohort students return to distance learning. This blue and gold rotation will continue for the remainder of the winter/spring semester as outlined in Table 3.
