Congratulations!

You will be able to place your
Hoodie Order
on the **15th December**, too!

MESAC Academics

28 students trained and participated in weekly matches against the MESAC schools. The weekly matches were a great preparation for the MESAC tournament on November 5th and 6th.

In addition to the Academic Bowl (quiz rounds) there are 6 Academic Olympiads: Arts, Music and Culture, Current Events and Global Issues, Engineering, Geography and Science, Math, and Humanities. Students competed by completing various tasks in each of the 6 Olympiads. The Engineering Olympiad 'The Egg Drop Challenge' and the 'Cargo Ship Challenge' was very exciting. Materials were DHL to the MESAC schools and each team had 30 minutes to construct a device to withstand the forces of gravity, weight and buoyancy.

Our amazing ABA science department was instrumental in setting this all up and judging the event.

Through virtual collaboration and teamwork our JV and Varsity Team both achieved Gold medals in the engineering olympiad. Furthermore our varsity team got Gold in the Current Events Olympiad and one of the JV teams got a silver medal in the Academic Bowl. The entire JV team also achieved a bronze medal in the Geography Olympiad. An amazing accomplishment by all Viper teams.

Our students were great Ambassadors for ABA as they pioneered through the MESAC virtual world with pride, purpose and perseverance. And our coaches were fantastic for giving up their time and talents to coach.

Do you love to Communicate?

We are looking to fill the role of voluntary Communications Coordinator. We need someone who can:

- Provide timely and accurate information to the ABA Community and VBC members on all activities and events associated with the VBC.
- Communicate with the school administration where necessary.
- Provide weekly/monthly communications in time for the ABA Newsletter.
- Oversee all publicity, posters, banners, signage, information brochures, membership sign up, in accordance with direction from the VBC Chair/s. This includes removal of any promotional materials from around campus after the events.
- Keep up to date with all email enquiries
- Liaise with the Operations Department when necessary for different events as requested by other Members.
- Prepare end of year Thank you letters and also Good Luck letters to the Mesac Teams each season
