

December 21, 2020

Dear TSC Families,

The purpose of this communication is to let you know that TSC will no longer be sending school advisory letters for each positive case of COVID-19. At this point, all buildings have been exposed to multiple cases and have done extremely well in contact tracing and mitigating the spread in the schools. Rest assured that we will still be doing our due diligence in contacting the families of close contacts and sharing quarantine information. What is most important is that we make the families who may have had exposure to a positive case aware of the possibility and that will still happen.

For more information on how TSC is working with the Health Department, please click [HERE](#). If you would like to track information about COVID-19 in schools across Indiana, you can access the State dashboard [HERE](#).

TSC thanks you for your continued support, patience, and determination as we move into the spring semester. While on break, please remember to practice social distancing, wear a mask, wash your hands often, and continue reporting positive cases to [TSCCovid](#). I hope you have a safe and relaxing break!

Thank you,

Krystal Zahn, RN, BSN
Nursing Supervisor-Health Services
COVID Coordinator
