

ADMINISTRATIVE PROCEDURES

POLICY TITLE	POLICY NUMBER	REVISION DATE	EFFECTIVE DATE
Discipline	506	Updated: August 10, 2018	July 1, 2017

1. The consequences for misbehavior described in this Procedure are designed to be fair, firm, and consistent for all students in the District. The consequences apply to all students, preschool through grade 12+, regardless of whether the misbehavior took place in school, on district property, in a district vehicle, at a school or district activity, at a school bus stop, or on a pathway to or from school. Consequences also apply to misbehaviors carried out through the use of electronic communication.
 - 1.1. The consequences may also apply for misbehaviors which take place at other locations but directly affect school programs or activities.
 - 1.2. Students participating in co-curricular activities will also be expected to abide by the bylaws of the Minnesota State High School League, regardless of whether the particular activity is sponsored by the League.
2. Because it is not possible to list every misbehavior that occurs, misbehaviors not included in this Procedure will be responded to as necessary by staff. This Procedure is based on the assumption that minor behaviors are dealt with by bus drivers, chaperone, classroom teachers, administrators, and other appropriate District staff.
3. Consequences
 - 3.1. For each misbehavior described in this Procedure, consequences increase progressively from the first, second, third, and fourth violations; however, administrators' use professional judgement when deciding on consequences after considering intent/impact and other extenuating circumstances. Consequences that are left to the administrator's full discretion are denoted with a "*".
 - 3.1.1. "*" (Elementary schools) – Student conference and parent/guardian notification; may include, but is not limited to, parent conference, restitution, peer mediation, adult-facilitated mediation, detention, in-school suspension and up to one-day, out-of-school suspension.
 - 3.1.2. "*" (Middle schools) – Student conference and parent/guardian notification; may include but is not limited to parent conference, parent shadow, restitution, detention, and up to one-day, out-of-school suspension.

- 3.1.3. “*” (High school) – Student conference and parent/guardian notification; may include but is not limited to parent conference, restitution, detention, one-day suspension from bus and up to one-day, out-of-school suspension.
- 3.1.4. All elementary schools will incorporate the use of a “Green Room” as part of the MTSS behavior system.
- 3.1.5. All schools will implement, monitor and document the use of pre-exclusionary processes.
- 3.1.6. It is expected that parents/guardians of ALL students involved in behavior situations will be communicated with by the appropriate building level staff.
- 3.1.7. There are optional consequences available in certain circumstances for students, including:
 - 3.1.7.1. Parent shadow (elementary and middle school)
 - 3.1.7.2. Chemical Assessment – Secondary students who violate certain rules regarding alcohol and chemicals may opt to have a lesser consequence if the student obtains a chemical assessment and adheres to the assessment recommendations. Assessment will be at the expense of the student’s parent(s) or guardian(s) (or the adult student, if age 18 or older.) A release form must be signed by the student and the student’s parent(s) or guardian(s) to share appropriate information with the school district.
 - 3.1.7.3. Mental Health Referral – Secondary students may be referred to community mental health resources on a case-by-case basis as appropriate. Assessment will be at the expense of the student’s parent(s) or guardian(s) or the adult student, if age 18 or older.
 - 3.1.7.4. The Alternate to Suspension Program (YCAPP) may be used for grades six through 12 as part of or in place of in-school and/or out-of-school suspension.
 - 3.1.7.5. Restorative measures, such as symbolic restitution, circles, mediation, counseling, or prevention classes may be a part of any of the disciplinary consequence(s).
- 3.1.8. In this Procedure, unless otherwise stated, suspension is defined as out-of-school suspension (OSS) – action taken by the school administration to prohibit a student from attending school for no more than ten school days. A student who is on out-of-school suspension may not be in the school, on school or district property, or attend school or district activities during the period of suspension.
 - 3.1.8.1. A one-day suspension is for a consecutive period of time equivalent to one school day. For example, if a student is suspended at noon, he or she may be suspended up until noon on the following school day.

- 3.1.8.2. If a suspension is longer than five days, the suspending administrator shall provide the superintendent or designee with a reason for the suspension.
- 3.1.8.3. If a student's total days of removal from school exceeds 10 cumulative days in a school year, the District shall make reasonable attempts to convene a meeting with the student and the student's parent or guardian prior to removing the student from school, and with the permission of the parent or guardian, arrange for a mental health screening of the student. The school district will not pay for the assessment unless it is part of an assessment for special education purposes. The purpose of the meeting shall be to attempt to determine the student's need for assessment, other services, or whether the parent or guardian should have the student assessed or diagnosed to determine whether the student needs treatment for a mental health disorder.
- 3.1.8.4. At the elementary school level, the principal may substitute in-school suspension (ISS) for out-of-school suspension on a case-by-case basis, with approval from the Executive Director of Learning and Innovation.
- 3.1.9. Violent Student Behavior (VSB) – A student who engages in violent behavior as defined in Section 4 below will be identified as “(VSB)” in the consequences chart.
- 3.1.10. Expulsion is action taken by the School Board to prohibit an enrolled student from further attendance for up to 12 months from the date the student is expelled.
- 3.1.11. Exclusion is an action taken by the School Board to prevent a student from enrolling or re-enrolling for a period of time that shall not extend beyond the school year.
- 3.2. In addition to the consequences detailed in this Procedure, a school or the Transportation Department may respond to student misbehavior in a variety of ways that include, but are not limited to, dismissal from school, removal from class, reports to probation services, criminal reports, community service, fines, loss of driving and parking privileges (at the high school level), and chemical evaluation.
- 3.3. Administrators may involve law enforcement authorities as necessary. If a student violates a district policy or procedure that is also a violation of a law, the student will be referred to the police in addition to being dealt with as described in this procedure. In accordance with state law, administrators will refer to the juvenile delinquency or criminal justice system any student who brings a firearm to school unlawfully. School staff members shall not interfere with a law enforcement decision to remove a student from school for law enforcement purposes; however, reasonable efforts shall be made to inform a student's parent or guardian of the involvement of law enforcement. Law enforcement officers shall not be involved in an educational decision to remove a student from a school as a disciplinary consequence.
- 3.4. The school district makes every effort to apply disciplinary consequences consistently, but the administrator may recommend longer or shorter suspensions, expulsion, denial of transportation privileges, other discipline, or interventions such as mental health referrals

on a case-by-case basis. This may include more severe consequences for students with multiple offenses in different categories of misbehavior or when a single behavior is particularly severe.

4. Staff Notification of Violent Behavior by Students

- 4.1. A classroom teacher has a legitimate educational interest in knowing which students placed in the teacher's classroom have a history of violent behavior. Teachers must be notified before such students are placed in the teacher's classroom. Students who become identified as having a history of violent behavior as the year progresses will constitute the need for teacher notification.
- 4.2. Identification of Students with a History of Violent Behavior
 - 4.2.1. A student who engages in behavior identified as "VSB" (violent student behavior) in the consequences matrix will be identified as a student with a history of violent behavior.
- 4.3. Written notification shall be provided to all of the student's classroom teachers with a copy placed in the student's educational record and retained pursuant to the District's records retention schedule.
- 4.4. Building principals have discretion to provide notice to other staff members who also interact with the student.
- 4.5. Whenever possible, written notification to the teacher will occur prior to the placement of a student in the teacher's classroom.
- 4.6. Once a student has been identified as a student with a history of violent behavior, notification will occur for the remainder of the school year and the following school year. The period of notification will be extended accordingly for each new incident of violent behavior that occurs.

5. Notification to the Parent of a Student Identified as Having a History of Violent Behavior

- 5.1. Parental notification of a student having a history of violent behavior will be consistent with the notification practices in this Procedure and the consequences matrix

6. Notice to Other School Districts

- 6.1. This notice is an educational record and will be transferred to an enrolling school district.

7. Written Notification from Law Enforcement

- 7.1. A school that receives formal notification from law enforcement or the court system about a student's delinquent conduct in the community shall process that notification as required by Minnesota Statute 121A.75, Receipt of Records; Sharing. This may include notification of appropriate staff person if necessary to protect others from needless vulnerability and to allow staff members to work with the student in an appropriate manner. Notification shall be in accordance with the law and shall not be governed by the district's procedures for staff notification of students with a history of violent behavior. The handling and retention of records received pursuant to Minnesota Statute 121A.75 shall be according to the requirements of that statute and Minnesota Statute 120A.22, Subd. 7, Educational Records.
- 7.2. Record of Notice
 - 7.2.1. The administration must keep a copy of the notification of violent behavior by a student on file to provide a record of those staff members notified under this Section.
- 7.3. Misbehaviors
 - 7.3.1. Students are expected not to engage in the following activities defined in the behavior matrix below:

NOTE: Information specific to misbehavior on the school bus/district transportation, are listed in the "Transportation" Section at the end of this Procedure.

Bussing/Transportation Related Misbehavior

Riding a school bus is a privilege, not a right. To help ensure the safety of students, transportation employees and other motorists, students are expected to abide by all student behavior rules outlined in board policy, and by the additional transportation safety rules reviewed in the following chart. Video cameras are used on some school buses, and students' conversations and actions may be recorded on video/audio tape. The use of video cameras is intended to decrease student misbehavior and allow safe bus operation for students, drivers and other motorists.

While riding in a district vehicle, in accordance with state law, students shall not transport gasoline, animals or any other dangerous or objectionable objects, except for animals specifically trained to assist people who are blind or have other disabilities. Students are allowed to bring other items on the bus that can be held on the student's lap or at his/her seat in a safe manner as long as it does not displace another student. Items such as skateboards, roller blades, ice skates, bats, etc. are allowed on the bus when stored in an appropriate bag/container so as to prevent injury to bus passengers. Items that are longer than 39 inches (the height of the bus seat back) are prohibited without approval from the Transportation Department. Students who violate these or other district policies and regulations while riding in a district vehicle or at a school bus stop will be subject to consequences in accordance with these Procedures and may be denied transportation privileges in addition to the consequences listed.

To ensure on-time arrival at schools, students are expected to be present at the bus stop five minutes prior to the scheduled pick-up time. The bus driver is responsible for maintaining appropriate student behavior on the bus and is authorized to assign students to specific seats. Once students board the bus they must remain on the bus until they have reached their school or designated stop. The driver will report students who violate the rules to the student's school principal.

If a student's transportation privileges are denied because of the student's misbehavior, the student's parent(s) or guardian(s) will be responsible for transporting the student to and from school. Any student who is issued a citation trespassing them from a school property will lose their bus riding privileges to/from that property. (Student behavior policies will be adjusted – as required by federal and state laws and regulations – for special education students who have individual education plans [IEPs].)

Students are expected not to engage in the following activities in district vehicles:

Minnesota Statute 121A.59 states: “Transportation by school bus is a privilege, not a right, for an eligible student. A student’s eligibility to ride a school bus may be revoked for a violation of school bus safety or conduct policies, or for violation of any other law governing student conduct on a school bus, pursuant to a written school district discipline policy. Revocation of a student’s bus riding privilege is not an exclusion, expulsion, or suspension under the Pupil Fair Dismissal Act. Revocation procedures for a student who is an individual with a disability under the Individuals with Disabilities Education Act, United States Code, title 20, section 1400 et seq., section 504 of the Rehabilitation Act of 1973, United States Code, title 29, section 794, and the Americans with Disabilities Act, Public Law Number 101-336, are governed by these provisions.”
