OVER

GUIDELINES FOR ADMINISTRATION OF EMERGENCY SEIZURE MEDICATION

The administration of medication to students shall be done only in exceptional circumstances wherein the student's health may be jeopardized without it.

1. Administration of Emergency Seizure Medication by school personnel will only be done according to the written order of a physician/licensed prescriber and written authorization of parent/guardian.
 - a. Altered forms of medication will not be accepted or administered during a CER program.
 - b. Narcotics/medical cannabis will not be administered at CER program.
 - c. Aspirin-containing products will not be administered at CER program.
 - d. Only FDA approved treatments will be provided at CER program.
2. A new medication consent form is required when the medication dosage or instructions for administering the medication are changed.
3. New consent forms with appropriate signatures must be received each CER program session.
4. If the medication is discontinued, a physician/licensed prescriber is requested.
5. The medication must be brought to and from CER program by a parent/guardian in its original container. The following information must be on the medication container:
 - a. Child's full name
 - b. Name and dosage of medication
 - c. Directions for administration must match the authorization form
 - d. Physician/Licensed Prescriber name
 - e. Date (must be current)
6. Medications are not to be carried by the child and will be kept in a locked box/cabinet designated for medication unless authorized by the Program Coordinator. **Controlled substances must never be carried by a child.**
7. Special arrangements must be made with the Program Coordinator concerning administration of medication to children through gastrostomy tubes, rectal or injectable routes.
