

BOYS' BASKETBALL COVID-19 PROTOCOLS

PRACTICES:

- Stay home if you or a family member are not feeling well or showing symptoms.
- Carpooling is discouraged. If you must carpool, keep it to one or at most 2 other families and wear masks in the car. Keep any carpool groups consistent with the same group.
- Masks must be worn the entire time in the school, which includes during practice.
- Come to school dressed and ready for practice. Locker rooms will be available as quick changing rooms only. A bathroom by the gyms will be available as well.
- Bring your own water bottle and you can bring your own basketball for drill work, but this is optional. Clean basketballs will be provided each practice.
- Bring your own bag to store your gear and keep socially distanced when not working/competing in practice.
- Use hand sanitizer before, during, and after practice.
- Do not linger in groups before or after practice. Try to get to the school just before your scheduled practice time and leave the school right after practice.
- Our four pods for the season will be 9th grade, B-squad, JV, and Varsity.
