Shepherd Glen Media Center - Danielle Helenski, Teacher Librarian

January 2021

Vol. 5 Issue 5

## Book Returns

Many books were checked out before remote learning in November. Students selected more books than normal because of the extended time outside of the school building. Your help is appreciated in getting them back to the library!

In person students can return them in the blue book return bin at the entrance of the library or in the blue baskets in their classroom.

At home learning should return books during remote learning distribution days.
