Discipline

Students are expected to abide by all established codes of conduct and board policies, as outlined by the student handbook and as stated in rules established by building principals for each school. All students must help to establish and maintain a safe and educationally conducive environment. When it becomes necessary to investigate student misconduct, students have a duty to cooperate and answer questions truthfully and completely. Students who are dishonest, uncooperative, and/or are evasive will be subject to disciplinary action up to and/or including a recommendation for expulsion.

Board Policies Regarding Bullying

BULLYING PREVENTION

The School District of Janesville Board of Education strives to provide an educational environment where every student feels safe, respected and welcomed. The Board also strives to provide an educational environment where every staff member can serve students in an atmosphere that is free from significant disruptions and obstacles that impede learning and performance. Bullying can have harmful social, physical, psychological and/or academic effects for those who engage in these behaviors, victims of such behaviors, and bystanders who observe acts of bullying. The District prohibits any form of bullying behavior by students towards other students, school employees, volunteers, or any other person(s).

Bullying includes aggressive or hostile behavior that is intentional and involves an imbalance of power between the bully and the bullied. Bullying is a form of victimization and is not necessarily a result of or part of an on-going conflict. Bullying is defined as any conscious, willful, or deliberate acts, or attempted acts, through the use of words, images, gestures or other physical actions, including electronically transmitted acts, that are intended to cause physical injury, emotional distress or property damage. Bullying includes, but is not limited to, behaviors motivated by an actual or perceived distinguishing characteristic or factor including sex, race, national origin, ancestry, religion, color, creed, pregnancy, marital or parental status, sexual orientation, gender identity, or physical, mental, emotional or learning disability. Bullying may also be motivated by any other distinguishing factor such as gender identity, physical appearance, or social, economic or family status.

Examples of acts of bullying include physical intimidation, force or assault, humiliation, sexual or racist remarks, extortion, verbal or written threats, taunting, put downs, name calling, threatening or menacing looks or gestures, spreading cruel rumors, and social exclusion. This includes acts of cyber-bullying that involve sending or posting inappropriate, insulting or threatening messages or images through electronic communication systems such as the Internet, e-mail, cell phones or other personal devices.

Bullying is prohibited on District grounds, at District-related activities, or on transportation to and from school or District-sponsored activities. Harassing bullying behavior is prohibited in all educational environments, regardless of whether the facility or location is owned, leased, or otherwise used or provided by the District.

Acts of bullying that originate off school premises and outside of the school's control may be subject to the provisions of this policy and related procedures if the conduct is determined to be substantially disruptive to the educational process and the day-to-day operations of a school. This includes, but is not limited to, threats made outside of school hours that communicate intent to be carried out during any school-related or school-sponsored program or activity, or on any vehicles used for transportation to and from school and school-sponsored activities.

All complaints about bullying shall be promptly investigated. The District shall respect the privacy of the complainant, the individual(s) against whom the complaint is filed, and the witnesses as much as practicable and in a manner consistent with the Board's legal obligations to investigate, take appropriate action, and conform to discovery or disclosure requirements. Disclosure of information related to the complaint shall be made only to those with a legitimate need to know. All records generated as a result of the complaint and appeal processes shall be maintained as confidential to the extent permitted by law.

If the investigations find bullying has occurred, school officials shall take prompt and necessary action up to and including behavioral interventions and support, disciplinary action, and/or referral to law enforcement officials or social services. Consequences shall be unique to the nature of the behavior, the developmental level of the student, and the history of problem behaviors. Remedial measures shall be designed to correct the problem behavior, prevent other occurrences, and protect the victim.

The District shall also take appropriate action against any student or District employee who retaliates against any person who makes a good-faith report of alleged bullying or against any person who testifies, assists, or participates in an investigation or hearing related to such behavior.

Employees found to have facilitated or participated in bullying behavior against students or to have been aware that bullying was taking place and failed to report the behavior are considered to be in violation of the prohibition expressed by this policy and may be subject to disciplinary action.

This policy shall be distributed annually to all students enrolled in the School District, parents/guardians, and all District employees. It shall also be distributed to organizations in the community having cooperative agreements with the schools. The District shall provide a copy of the policy to any person upon request.

Records shall be maintained on the number and types of reports made, and sanctions imposed for violations of this policy in accordance with established procedures.

Administrative Regulation 5030.1

All other complaints of bullying shall be processed in accordance with the following procedures:

Students may also report their concerns to teachers or counselors who will be responsible for notifying the appropriate administrator. Complaints against the principal shall be filed with the District Administrator. Complaints against the District Administrator shall be filed with the Board president. Information may be initially presented anonymously. All such information shall be reported in writing and shall include the specific nature of the offense and corresponding dates using the applicable district incident report form.

Parents/guardians shall be notified of the nature of any complaint involving their student. The school official shall arrange necessary interviews with all concerned parties. The school official conducting the investigation shall notify the complainant and parents/guardians, as appropriate, in writing when the investigation is concluded.

All findings related to the complaint shall be reported in writing to the Director of Student Services. When it is determined that a student participated in bullying behavior, the report to the Director of Student Services shall include notification of the consequences and/or interventions to be imposed including, but not limited to warnings, exclusion from certain areas of the school, detentions, behavioral interventions, suspension, expulsion, and referral to law enforcement officials and/or social services.

Step Three

If the complainant is dissatisfied with the decision of the principal, or other school official conducting the initial investigation, he/she may appeal the decision by giving written notice to the District Administrator or next highest level of authority within five (5) days after the receipt of the written decision. The District Administrator or other school official shall schedule and hold a meeting with the involved parties within fifteen (15) days. The District Administrator or other school official shall, within five (5) days after the meeting, deliver a written response to the complainant and to the accused. The decision at this step shall be final.

Consequences for Retaliation Violations

Any student or District employee who retaliates against any person who makes a good-faith report of alleged bullying, or against any person who testifies, assists, or participates in an investigation or hearing related to such behavior, shall be subject to disciplinary actions and/or referral to law enforcement for criminal prosecution.

Interventions for Students Involved in Bullying

The District will make available evidence-based resources and comprehensive research-based programs to address bullying. Program support may include coaching, training, reporting templates, surveys and evaluation tools, staff training, student skill training, restorative justice, and program-implementation support.

Students Who Have Been Bullied Will Be Supported by:

WEATHER - INCLEMENT WEATHER/SCHOOL CLOSING INFORMATION

The SDJ school calendar has two days built in to accommodate some weather delays/closures. With the onset of the COVID-19 public health emergency in March 2020, the SDJ became a one-to-one district, meaning each student has a device (either an iPad or a Chromebook) that allows them to connect to the internet. With this capacity and capability, the SDJ will allow the first two inclement weather days of the winter season to be just that – 'snow days' on which no school work will be required of students.

If at all possible, the Superintendent will make the determination regarding school closing or delay information the night before, or no later than 6:00 a.m. the day of the closing or delay. District staff will then send out communication to families via the Campus Messenger System (Infinite Campus) by phone call, email, and text message, and post the information to the SDJ web site, SDJ social media channels, and local media outlets.

With a third, and any potential additional inclement weather day this winter season, the SDJ will pivot to online instruction from home. These will be scheduled as such instead of adding additional in-school make-up days at the end of the school year to meet state law required hours of instruction.

The Superintendent will make the determination regarding school closing and implementing online instruction the day before in order to allow students and staff to prepare, and to ensure students take their devices (and charging cables) home for use the following day.

Again, district staff will send out communication to families via the Campus Messenger System (Infinite Campus) by phone call, email, and text notifying them of this pivot to online instruction due to inclement weather, and post the information to the SDJ web site, SDJ social media channels, and local media outlets.

It is very important that parents/guardians verify that their contact information is correct in the Infinite Campus system, and that settings are marked appropriately for how they wish to receive school closing information. This is especially important if families have moved or have changed telephone numbers since initially setting up their Infinite Campus account.

Since Infinite Campus may take some time in completing notifications to the more than 10,000 contacts, we encourage families to be checking for details on the SDJ web site homepage (<http://www.janesville.k12.wi.us>) as well as the SDJ Facebook page (<https://www.facebook.com/SDJK12/>). In many instances, the information will become 'live' on those sites before the Infinite Campus messaging system is able to complete its notifications. Closing and pivot to online instruction information will be provided to local news outlets including the Janesville Gazette, WCLO and the Madison local TV stations, who will post school closings or delay information on their respective websites.

State law (<http://dpi.wi.gov/cal/days-hours>) governs the required number of hours of instruction for all school districts in Wisconsin. SDJ calendar information is available at <https://www.janesville.k12.wi.us/calendar>.

Parents/guardians always have the option of keeping their child home due to inclement weather. Please be sure to call your child's school to report the decision to keep them home. Your child will receive a principal excused absence. **NOTE:** the SDJ does not close school early due to an approaching winter storm. This is to avoid sending students to potentially unattended/unsupervised home situations. If parents are concerned about an approaching storm, they are welcome to come to school and pull their student(s) out early if they feel it would be appropriate.

This information is also available at <https://www.janesville.k12.wi.us/about-us/school-closings>

The School District of Janesville has a great team that will be clearing sidewalks and parking lots/playgrounds, and keeping the heat on in the buildings as we maintain our promise to prioritize the safety, health, and wellness of our school community.

=====

Estimadas Familias del Distrito Escolar de Janesville (SDJ):

Conforme se acerca el invierno de 2020-21, el SDJ les está proporcionando detalles sobre los planes actualizados y la notificación a los padres o tutores legales, en caso de que las inclemencias del tiempo originen el cierre o retraso en el inicio de las clases.

El calendario escolar de SDJ tiene dos días incorporados para adaptar algunos retrasos o cierres por el clima. Con el inicio de la emergencia de salud pública COVID-19 en marzo de 2020, el SDJ se convirtió en un distrito uno-a-uno, lo que significa que cada estudiante tiene un dispositivo (ya sea un iPad o un Chromebook) que les permite conectarse a Internet. Con esta habilidad y capacidad, el SDJ permitirá que los dos primeros días de clima inclemente de la temporada de invierno sean solo eso: "días de nieve" en los que no se exigirá trabajo escolar a los estudiantes.

De ser posible, el superintendente tomará la determinación la noche previa con relación a la información de cierre o retraso de la escuela, o a más tardar a las 6:00 a.m. del día del cierre o retraso. El personal del distrito enviará las comunicaciones a las familias a través de Campus Messenger (Infinite Campus), por teléfono,

correo electrónico, mensaje de texto y publicará la información en el sitio web del SDJ, los canales de medios sociales de SDJ y los medios de comunicación locales.

Para un tercer día, y cualquier posible día adicional de inclemencias del tiempo esta temporada de invierno, el SDJ pasará a la instrucción en línea desde el hogar. Estos días se programarán como tales, en lugar de agregar días adicionales de recuperación para asistir a la escuela al final del año escolar para cumplir con las horas de instrucción requeridas por la ley estatal.

El superintendente tomará la determinación el día previo con respecto al cierre de la escuela y la implementación de la instrucción en línea para permitir que los estudiantes y el personal se preparen y para garantizar que los estudiantes se lleven sus dispositivos (y cables de carga) a casa para usarlos al día siguiente.

El personal del distrito enviará comunicaciones a las familias a través del sistema de Campus Messenger (Infinite Campus) por teléfono, correo electrónico y mensaje de texto para avisarles del cambio a la instrucción en línea debido a las inclemencias del tiempo, y publicará la información en el sitio web de SDJ, los canales de redes sociales de SDJ y medios de comunicación locales.

Es muy importante que los padres y tutores verifiquen que su información de contacto esté correcta en el sistema de Infinite Campus, y que los recuadros están marcados de manera adecuada sobre cómo desean recibir la información de cierre de la escuela. Esto es especialmente importante si las familias se han mudado o han cambiado sus números de teléfono desde que establecieron inicialmente su cuenta de Infinite Campus.

Dado que Infinite Campus puede tardar algún tiempo en completar las notificaciones a los más de 10,000 contactos, recomendamos a las familias verificar los detalles en la página de inicio del sitio web de SDJ (<http://www.janesville.k12.wi.us>) así como en la Página de Facebook de SDJ (<https://www.facebook.com/SDJK12/>). En muchos casos, la información estará lista en esos sitios, antes de que el sistema de mensajería de Infinite Campus pueda completar las notificaciones. Se proporcionará la información de cierre y cambio a la instrucción en línea a los medios de noticias locales, incluidos Janesville Gazette, WCLO y las estaciones de televisión locales de Madison, que publicarán la información del cierre de escuelas o retraso en sus respectivos sitios web.

La ley estatal (<http://dpi.wi.gov/cal/days-hours>) establece la cantidad requerida de horas de instrucción para todos los distritos escolares de Wisconsin. La información del calendario de SDJ está disponible en <https://www.janesville.k12.wi.us/calendar>.

Los padres y tutores siempre tienen la opción de dejar a sus hijos en casa debido a las inclemencias del tiempo. Por favor asegúrese de llamar a la escuela de su hijo para comunicar su decisión de mantenerlo en casa. Su hijo recibirá una ausencia justificada por el director. **NOTA:** el SDJ no cierra la escuela temprano debido a una tormenta invernal que se aproxima. Esto es para evitar enviar a los estudiantes a situaciones potenciales en hogares desatendidos. Si los padres están preocupados por una tormenta que se aproxima, pueden venir a la escuela y sacar a sus estudiantes temprano si creen que sería apropiado.

Esta información también está disponible en <https://www.janesville.k12.wi.us/about-us/school-closings>

El Distrito Escolar de Janesville tiene un excelente equipo que limpiará las banquetas, estacionamientos y áreas de recreo, y mantendrá la calefacción encendida en los edificios para mantener nuestra promesa de priorizar la seguridad, la salud y el bienestar de nuestra comunidad escolar.

Tornado Warning

When the National Weather Service issues a tornado warning, it means that an actual tornado has been sighted by a trained spotter or a radar reading shows conditions are right for a tornado to develop in the immediate area. When a tornado warning is issued for the immediate Janesville area, the emergency sirens will be activated.

Twice each school year, Edison Middle School practices the response the school would use if an emergency siren is activated for a tornado warning during the school day. Edison Middle School has designated safe areas for all students and staff to go to when a tornado warning is issued.

Because all doors to Edison Middle School are secure during the school day, they will remain locked during a tornado warning. Staff are encouraged to not respond to door buzzers, knocks on doors, or phone calls, but rather to remain in their designated safe zone until the tornado warning is canceled. We also encourage parents and family members of students to seek safe shelter during a tornado warning. **Parents or family members should not come to Edison Middle School during a tornado warning to pick up their child.**

Once the tornado warning is canceled, Edison Middle School will return to usual operations. At that time, staff will be able to respond to door buzzers and phone calls. Thank you in advance for working with Edison Middle School to keep your child safe during a tornado warning. If you have any questions or concerns regarding this information, please call the Director of Safety and Student Services at 743-5078.

NEWS FROM THE DISTRICT OFFICE:

Child Find Notice

"The school district must locate, identify and evaluate all resident children with disabilities, including children with disabilities attending private schools, regardless of the severity of their disabilities." The school district has a special education program to locate and screen all children with suspected disabilities who are residents of the district and who have not graduated from high school. Upon request the school district will screen any resident child who has not graduated high school to determine whether a special education referral is appropriate. A request may be made by contacting Kimberli Peerenboom, Director of Pupil Services for the School District of Janesville at 743-5061, or by writing her at 527 S. Franklin St., Janesville WI 53548.

Annually the district conducts developmental screening of preschool children. Each child's motor, communication and social skills are observed at various play areas. Each child is weighed and measured, and the child's hearing and vision is checked. The information is used to provide the parent with a profile of their child's current development and to provide suggestions for follow up activities. Parents learn about community services available to them and speak with representatives of agencies serving families. The information from screening is also used to determine whether a child should be evaluated for a suspected disability. When school staff reasonably believe a child is a child with a disability, they refer the child for evaluation by a school district Individualized Education Program (IEP) team. Developmental screening will be a part of the kindergarten screening this Spring. Watch for dates at your local school.

A physician, nurse, psychologist, social worker or administrator of a social agency who reasonably believes a child brought to him or her for services is a child with a disability has a legal duty to report the child to the school district in which the child re-sides. Before referring the child, the person making the referral must inform the child's parents that the referral will be made.

The referral must be in writing and include the reason why the person believes the child is a child with a disability. Others who reasonably believe a child is a child with a disability may also refer the child to the school district in which the child resides. A referral of a child residing in the School District of Janesville may be sent to Kimberli Peerenboom at the school district address above."

Aviso Detectar al Niño

"El distrito escolar tiene que localizar, identificar y evaluar a todos los niños residentes con discapacidades, incluyendo a los niños con discapacidades que asisten a escuelas privadas, sin importar la gravedad de sus discapacidades." El distrito escolar tiene un programa de educación especial para localizar y evaluar a todos los niños con presuntas discapacidades, quienes son residentes del distrito y que no se han graduado de la escuela preparatoria. Cuando se solicite, el distrito escolar evaluará a cualquier niño residente que no se haya graduado de la escuela preparatoria para determinar, si es apropiada una referencia para educación especial. Una solicitud puede hacerse contactando a Kimberli Peerenboom, Director de Servicios al alumno del Distrito Escolar de Janesville al 743-5061, o escribiéndole a: 527 S. Franklin St., Janesville WI 53548.

Anualmente el distrito lleva a cabo evaluaciones del desarrollo de los niños en edad preescolar.

Cada una de las habilidades motoras, comunicativas y sociales del niño son observadas en varias áreas de juego. Se pesa y mide a cada niño y su audición y visión son revisadas. Se utiliza la información para proporcionar al padre un perfil del desarrollo actual de su niño y proveer sugerencias para las actividades de seguimiento. Los padres aprenden acerca de los servicios comunitarios disponibles para ellos y hablan con representantes de agencias que dan servicio a las familias. La información de la evaluación también se utiliza para determinar si un niño debe ser examinado por presunta discapacidad. Cuando el personal de la escuela razonablemente cree que un niño, es un niño con una discapacidad, refieren al niño para una

evaluación por el equipo del Programa Educativo Individualizado (IEP) del distrito escolar. Las evaluaciones del desarrollo serán parte de las exámenes del kínder esta primavera. Espere las fechas en su escuela local.

Un doctor, enfermera, sicólogo, trabajador social o administrador de una agencia social que razonablemente crea que un niño que se le llevó para recibir atención es un niño con una discapacidad, tiene el deber legal de reportar al niño al distrito escolar en el cual el niño reside.

Antes de referir al niño, la persona que hace la referencia tiene que informar a los padres del niño que se hará la referencia. La referencia tiene que ser por escrito e incluir la razón por la cual la persona cree que el niño, es un niño con una discapacidad. Kindergarten Enrollment 2021-2022 School Year

School District Residents

If you have a child turning 5 (five) years old prior to September 1, 2021 and they are not currently enrolled in a School District of Janesville Pre-school for Janesville (P4J) or Early Childhood (EC) program it is time to enroll in the Janesville Public School District. Enrollment will take place from **December 1, 2020, through December 15, 2020**, at the Educational Services Center located at 527 S. Franklin St. (administration building) in the New Student Enrollment office by appointment only. Please call (608) 743-5153 or (608) 743-5072.

If you cannot attend the enrollment period, please **make an appointment** as soon as possible to enroll after December 15, 2020. Enrollment in the district is required for participation in orientation. When you enroll, you will need your child's birth certificate for proof of age, proof of residency (top portion of a utility bill, or current lease) to determine school assignment, immunization records and photo identification.

The window for Requests for School Transfer/Placement within the School District (yellow forms) for incoming kindergarten students are available from December 1, 2020, through December 15, 2020, and should be submitted through the enrollment process. **Enrollments are completed by appointment only.** Forms are available at all schools, as well as at the Educational Services Center. If you have questions regarding this process contact Deen Hartley at 743-5152. The status of requests will be determined by January 15, 2021 if they are turned in by December 15th. If you have a student currently attending a school under a School Transfer/Placement within the School District, it does not automatically qualify your kindergarten student for attendance at the same school; however, siblings are generally assigned to the same school.
