

Things to keep in mind as you select electives for 9th Grade at Greenwich High School:

- Freshmen are encouraged to select the electives that interest them the most.
- Meeting the Career/Life Skills credit requirement is the easiest, because most students take World Language beyond the two-year requirement, and courses in the AVID and Academic Lab programs meet the Career/Life Skills credit.
- The combination of: English + Global Studies + Biology + Math + World Language + Health + Physical Education = 5.5 credits
- Students have 1.5 credits left for electives to = 7 credits
- **Here are some samples of elective choices that combine with the 5.5 credits in core academics above to achieve a course schedule containing 6.5 to 7 credits:**

Concert Choir FY 6	1.0	AVID FY 6	1.0
Intro to Music Theory S1 3	.25	Intro to Electronic Music S1 3	.25
