7. _____

Students that plan to visit the college/university or military branch of their choice are encouraged to do so on the days scheduled for teacher in-service. Seniors and Juniors who are unable to schedule visits on in-service days may take a maximum of two (2) days for college/university (JRs/SRs only) or four (4) days to pursue military enlistment (Age 17+ only). Permission must be obtained from each of his/her classroom teachers prior to the day of the scheduled visit. **In order for a college or military day to be approved by the principal, a verification letter (on official letterhead) from the college or military branch is required upon your return for the college or military visit to be excused.** Days spent visiting college campuses or military branches are considered excused when the proper procedure is followed. **The deadline to take a college or military day is May 1st.**
