

Hello Families,

We don't know what this summer will bring, but we do know we will offer the XCS Summer Care 2021 program. Please keep in mind, our opening & staying open will depend on directives from the state of Wisconsin and the Appleton Health Department.

We continue to monitor the current health situation to be able to hold our Summer Care program where children can experience a fun, exciting and safe time in a high quality care environment. Summer Care is held at the Marquette St Campus and is offered to current PreK3 through 5<sup>th</sup> grade students and those who are registered for the upcoming 2021-2022 school year for PreK3 - 6<sup>th</sup> grade. Preschool friends need to be three years old, independent in the bathroom and a registered student for the upcoming school year.

The program will begin Wednesday, June 9 through Friday, August 13, 2021; open hours 7 am to 6 pm Monday through Friday at Marquette St, lower level. We will be **closed** Friday, July 2<sup>nd</sup> – Monday July 5<sup>th</sup>, 2021. Summer Care scheduling will be as flexible as possible; rates and policies can be found in the Parent Handbook, available spring 2021. We want to help with your summer planning and care needs; attached you will find the registration form, please fill out and return even if you are unsure at this time what care you need; this form will help gauge interest and keep you up to date with progress.

Further information to enroll your children in the Summer Care program can be obtained from Mrs. Gouin. All registration materials can be returned to your child's school office attention: Theresa Gouin, Summer Program or email to [tgouin@xaviercatholicschools.org](mailto:tgouin@xaviercatholicschools.org). Please contact me with questions.

Thank you for your interest and understanding as we continue to offer the highest quality and safest program at the best value.

God Bless,

Theresa Gouin

Child Care Coordinator
