

Below are directions on how you can see the lessons your student has been assigned to work on, how many minutes your student has worked on i-Ready each week, and how many lessons they have passed so far this school year.

STEP 1: Open the i-Ready App on your student's computer. Choose the subject you want to look at.

STEP 2: Click the "To Do" button at the bottom of the screen. On this page you can see the lessons your student's teacher has assigned. Under "My Path", you can see lessons assigned to your student by i-Ready. Students should be working on both sets of lessons.

STEP 3: To see how many lessons your student has worked on and passed so far this school year, click the "My Progress" button at the bottom of the screen. "Pass Rate" shows lessons passed out of all lessons your student has worked on to date. "Time-On-Task" shows how many minutes your student worked on i-Ready lessons during the current week. "Current Streak" shows how many lessons your student has passed in a row.
