LI:IWBA recording results of a science experiment through careful observation

We conducted our experiment to test absorbency of different materials and these are the results

Material:	Material:	Material:	Material:
Observation	Observation	Observation	Observation
Result None of the water was absorbed Some of the water was absorbed Most of the water was absorbed All of the water was absorbed	Result None of the water was absorbed Some of the water was absorbed Most of the water was absorbed All of the water was absorbed	Result None of the water was absorbed Some of the water was absorbed Most of the water was absorbed All of the water was absorbed	Result None of the water was absorbed Some of the water was absorbed Most of the water was absorbed All of the water was absorbed
