Distancing

Daily  
Self-Assessment

## STUDENT LIFE

### Life on Campus:

- Daily self-assessment (reminder and instructions on the Bethel app; residential students should bring their own thermometers)
- Face coverings worn and physical distancing practiced
- Furniture in classrooms, dining locations and common areas spaced for physical distancing
- Additional dining locations available, and all food served by staff

### Events and Activities:

- Social activities modified to promote physical distancing
- Procedures for capacity and use of athletic facilities, including weight and cardio rooms
- All fans attending athletic events must follow state and local requirements for face coverings and physical distancing

### Academics:

- Students required to wear face coverings in class
- Live streaming in classrooms for students who cannot attend in person
- In classrooms, increased cleaning protocols and sanitizer/cleaner available for student and faculty use
- Students use the same seat all semester

### Residential Life:

- Campus housing reserved for quarantine/isolation if needed
- Residence hall floors designated as “family units” for the purpose of attending chapel, social activities, etc.
- Limited occupancy and increased sanitizing by Student Life staff in residence hall common areas
- No outside visitors permitted in residence halls
- Residential students expected to limit travel off campus

### Chapel:

- Students will attend one in-person chapel service per week (assignments made based on residence hall floor or last name for commuters)
- Students must bring face coverings to chapel services

### Wellness Center:

- Tele-health visits only for the campus nurse (574.807.7370)
- Counseling available in person (with physical distancing) and via tele-counseling

All information current as of January 2021. Procedures and guidelines are subject to change based on new information from national, state and local authorities.
