

The **Wolf Pact**

“Staying Healthy and Better Together”

AIM is a community of students, families, and faculty working in partnership to provide fearless learning to students through innovative teaching. We rely on your partnership and commitment to our **AIM Wolf Pack** community and to one another. Our AIM students named our mascot in year five of our founding because they said that everyone at AIM sticks together and supports each other. We could not agree more. Now, more than ever, this spirit drives our success as a community as we agree to the following pact, or commitment to work together.

Our **Wolf Pact** is a commitment among our families and students to follow health and safety practices to minimize the risk of COVID-19 transmission both at home and at school.

As we commit to engaging in a year of learning with one another, I agree to:

1. **Adhere** to the most updated health and safety protocols detailed in AIM's Health and Safety plan to make sure you are following current masking guidelines and continue to regularly wash and sanitize hands I understand that these protocols are designed for the health and safety of our entire community and are informed and can be modified based on CDC and state guidance.
2. **Honestly complete** or help my student complete the daily health and symptom assessment survey by 8:00 a.m. whenever I will be on campus. CDC and Department of Health Guidance points to regular symptom assessment as an important tool in reducing COVID-19 transmission.
3. **Continue** to follow CDC recommended safe practices to reduce COVID-19 infection risk for unvaccinated and vaccinated individuals at home.
4. **Follow** Montgomery County Office of Public Health [Guidelines](#) to stay off campus and seek medical attention if I should experience symptoms of COVID-19 as detailed in the symptom assessment survey or have come in close contact with someone infected with COVID-19.
5. **Inform** AIM, in addition to all appropriate health officials, if I am diagnosed with COVID-19, or notified that I am a close contact, and begin proper quarantine or isolation protocols. (Per guidance all contact tracing and official notification will be done by the Montgomery County Office of Public Health)
6. **Consider** the potential impact of any travel and to quarantine or be tested as required by federal and state guidance before returning to school.
7. **Be Mindful** of following safety expectations including physical distancing, following lunch procedures and not sharing clothing, masks, water bottles, food.
8. **Think** critically about behavior attending large public events and following CDC guidance when hosting gatherings.
9. **Recognize** that engaging in social behavior that does not follow CDC recommended health and safety guidelines may create health risks for my family, friends and loved ones as well as my school community.
10. **Embrace** the opportunity to learn and grow together.

Parent/Guardian Signatures, Staff Signatures and Student Signatures for 6th-12th Graders will be recorded in the Handbook Acknowledgement Forms.
