*In order to limit exposure risk and minimize the number of players requiring isolation due to contact tracing in the event of exposure players are encouraged to use personal transportation when it is possible. Carpooling is discouraged. Players should not arrive at their playing venue more than 30 minutes prior to the scheduled start time.

**Buses will return players to SLP HS following completion of the 9th grade games. Players must arrange for transportation from SLP immediately upon return. The school may not be accessible and we do not want players standing outside waiting.
