- Part 2 Additional Clarifications
- Part 3 Attachments – No Attachments

Part 1 Clarifications - RFIs

1. Question: I am writing concerning RFP No. 2315-21 Cardinal Stadium Phase 1 Special Inspections. I want to know if there is an estimated quantity basis for each of the units, for example, the number of tests or number of hours/days assigned to each of the line items listed on the Proposal Form that will determine the total amount of the submitted bid proposals? Please advise. Thank you for the opportunity and your help in this matter; I look forward to your reply.

- a. Answer: Proposals will be evaluated based on unit prices / rates provided on the proposal form, along with overall qualifications of the contractor to perform this work. There is to be no lump sum / total amount submitted for this proposal.

As included on page one of the RFP, for reference and understanding of the proposed project, the drawings and specifications for the project can be downloaded here
