MISSION

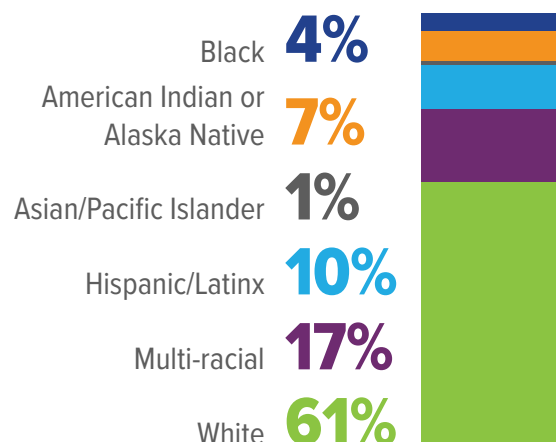

We will incorporate a philosophy of excellence at Eliot through collaboration with parents and community to produce a well-rounded productive citizen encompassing high academic achievement, healthy physical and emotional awareness, positive social skills, and problem solver capabilities by providing engaging activities in a safe and positive yet stimulating environment.

REAL-WORLD KNOWLEDGE

To create well-rounded citizens, we provide real-world learning opportunities for our scholars. The third-grade students at Eliot are taken through an educational unit on taxes – including how taxes help their community and what happens when we buy local products. Our curriculum also incorporates a variety of hands-on learning opportunities, such as STEAM Lab, which provides a weekly challenge for students to solve through technical design skills. Students also get an up-close look at science in the natural world by maintaining Eliot's vegetable and butterfly gardens throughout the year.

RACIAL/ETHNIC DISTRIBUTION*

*Enrollment data from October 1, 2021.

CLUBS AND PROGRAMS

Spanish Club, Botball Robotics Club, Engineering Club, Mad Science, Young Rembrandts, Morning Show Broadcast, Radio Show Podcast, Basketball Club, Running Club, Social Club, Student Council, Art Show, Girl Scouts & Cub Scouts, Safety Patrol, Recycling, Family STEAM Night, Family Math Night, Community Butterfly and Vegetable Garden

Some clubs and programs have been paused as we monitor COVID-19 conditions and safety protocols.

FOCUS ON THE WHOLE CHILD

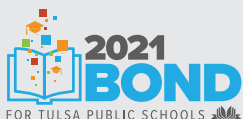

Teachers and faculty at Eliot Elementary collaborate often to provide the best experience possible for our students. Creating high-quality learning experiences means educating the whole child by meeting his or her social, emotional, and academic needs. With strong social and emotional skills, our students will be able to set and achieve positive goals, feel and show empathy for others, establish and maintain positive relationships, and make responsible decisions.

FOCUS ON HEALTH

In addition to academic success, Eliot teachers place significant value on physical health and our school is recognized as an Oklahoma Certified Safe and Healthy School. All students participate in “Workout Wednesday,” during which they get to wear workout gear while teachers conduct lessons that involve movement. Students will do a warmup in the morning, receive instruction on a healthy choice lifestyle and receive two recesses to provide them with the chance to get active.

STEM PROGRAMMING

Thanks to the support of the Cal Ripken, Sr. Foundation and Devon Energy, every elementary school has a new STEM center where students can participate in fun and engaging hands-on learning activities - including computer coding!

Thank you Tulsa for investing in every child and every school! Because of you, every child in our district will see, feel, and experience the benefits of the 2021 Bond package. Tulsans have made a five-year \$414 million investment in safe and accessible schools; state-of-the-art educational technology; sustainable student transportation; and rigorous, engaging, and culturally sustaining learning experiences that prepare students for success in college and careers.

At Eliot Elementary, the 2021 Bond for Tulsa Public Schools includes:

- » Kitchen and dining space renovation and roof replacement;
- » A new digital marquee, parking lot and exterior lighting improvements;
- » New educational and instructional technology for every class;
- » New equipment, materials, and resources for fine arts and physical education; and
- » Safe, comfortable, and environmentally sustainable transportation.
