Words from the Superintendent

I am pleased to announce Alexandra Guzman will be serving as the new Program Coordinator at WAY Southwest. As the school's Program Coordinator, she will work with me to ensure the school continues to be an outstanding resource for the community. Alexandra's strong ties to Southwest Detroit will help her provide programs and services that meet community needs.

I am also pleased to announce that the Micro School is live for all eligible researchers in grades 6-10. As a reminder, Micro School provides small class groups of 10 researchers to work with teachers in social studies, math, language arts, and science. The Micro School will provide consistent instruction with certified teachers all year. Please call the school if you have any questions about your child's participation in the Micro School.

We are hopeful it will be possible to open the lab again soon. Vaccines will aid in speeding up our return. Once the lab opens, we will have new programs and experiences prepared for all.

Sincerely,
Madeline Black
WAY Academy Superintendent.

Dear WAY Academy Families,
Like Madeline mentioned I will be returning to WAY Academy Southwest Campus as the Program Coordinator. I am very excited to come back to the school in this new position. I grew up in southwest Detroit and have worked in schools here for 10 years. Previous to this position I have worked as a special education aide, translator, Paraprofessional, Community Liaison and pupil Accountant. I was the administrative assistant here at WAY Academy previous to this position and truly am grateful to have the opportunity to come back. I can truly say that within all of the different positions I have held I have really enjoyed working with students, parents and the community. I look forward to a successful new year! Please don't hesitate to contact me if you have any questions. My email is alexandra.guzman@wayprogram.net

THINKING OF COLLEGE?

Now is the time to get everything together to apply for college to start in the fall.

There are several scholarships available for Detroit area students. Here is a link to a website with information:
